St. Paul, Alberta
TOA 3A0

January 12, 1983

Mr. S.A. Holthe
P.O. Box 701
ELK POINT, Alberta
TOA 1A0

Dear Mr. Holthe:

It was with deep regret that the Board of Education accepted your resignation at the conclusion of the 1982-83 school term. The Board sincerely appreciates the fine service which you have rendered since commencing teaching in 1939-40 at Whitney Lake School, in 1945-46 at Shamrock Valley and since 1957 at Elk Point. Your devotion as Principal of the F.G. Miller High School, Elk Point from 1969 to 1977 was always of the highest order and oftentimes over and beyond the call of duty.

Not only as a teaching practitioner and school administrator have you demonstrated excellence in your pursuits but also in your preparation for your chosen profession. In 1972 the then School Committee congratulated you on receiving a University of Alberta scholarship for academic excellence.

Your career has been punctuated with success and the Board of Education and myself shall always hold you as a shining example as a master of your profession.

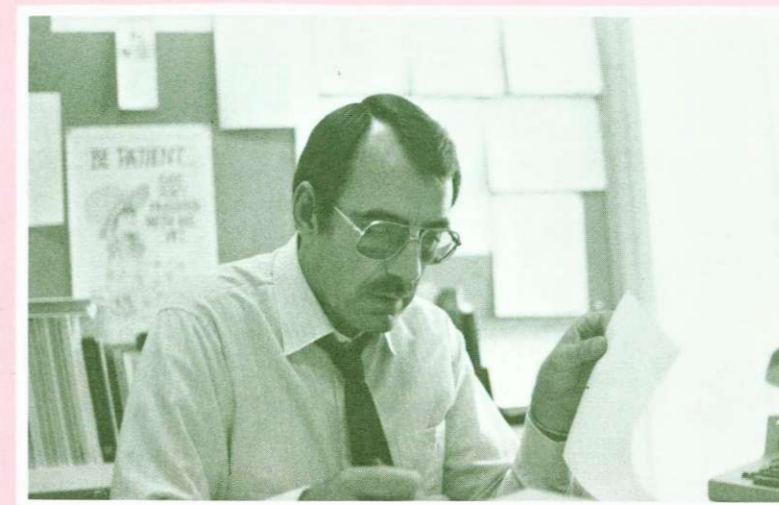

Please accept the very best wishes of the Board and myself on your retirement and may it be filled with as many accomplishments as you have enjoyed in your professional work.

Yours sincerely,

W.H. Webb
Superintendent of Schools

WHW/sld

First my thanks and congratulations to you, the Yearbook Staff, and your faculty advisor, for your vision and tenacity in getting this book through to publication.

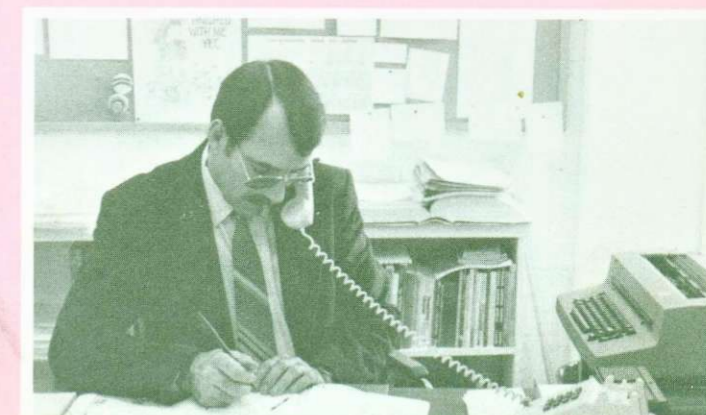

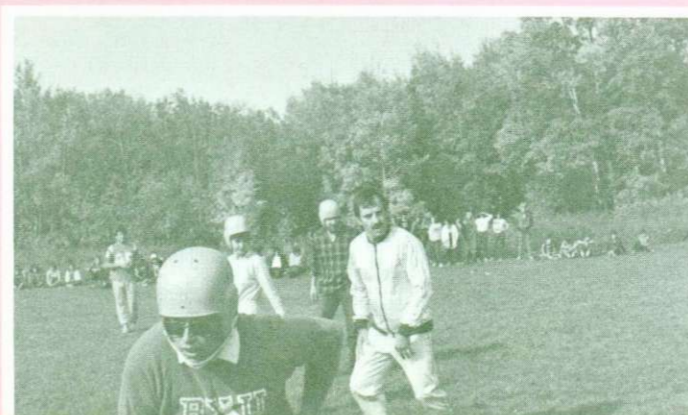

As the years slip away, and you're all out earning a living and perhaps raising a family, you will all, but especially members of the 1983 graduating class, treasure memories aroused whenever this volume is taken down from the shelf, and high school exploits are recalled and relived. Isn't that what the yearbook is for?

My prayers and best wishes are for your happiness and success, and to the degree that you are, or will become autonomous, independent, self directed, responsible, problem-solving, forever-seeking, and compassionate toward others, to that degree you will experience success, happiness, and fond memories of those, "hazy, crazy days" of high school.

Your successes we applaud and encourage, your failures we take as our own.

Dan McMullin Johnson, principal

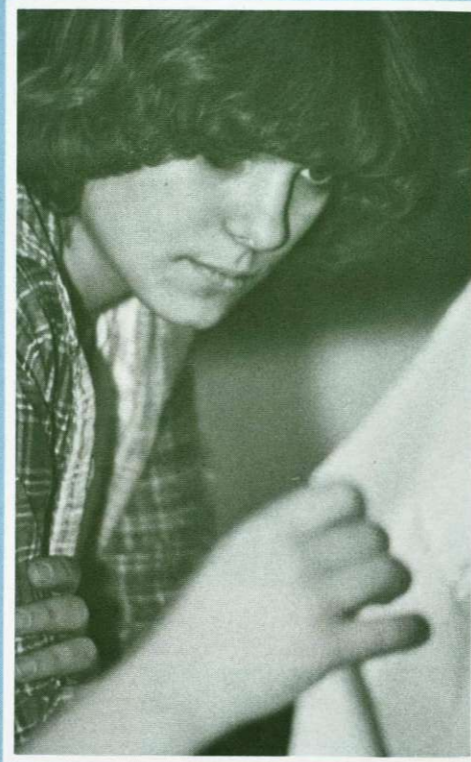

The Final Touch

Denise Smereka, Co-Editor

Tammy Dikeman, Photographer

Susan Kadutski, Editor

Mr. Lawrence Pidluzny, Advisor and Photographer,

Karen Derewynka, Yearbook Assistant.

The Wapiti 1983 was not only a challenge to put together, but also a great learning experience for all of us, and last but not least, it was a lot of fun! This is, for three of us, our last year of working on a project such as this, and we hope that you enjoy this yearbook to the fullest and get as much pleasure from reading it as we the yearbook staff, did in putting it together. To future yearbook staffs, we wish you the best of luck, and as much success as we have had working on it in past years. Thank you from the Wapiti '83 Yearbook Staff!

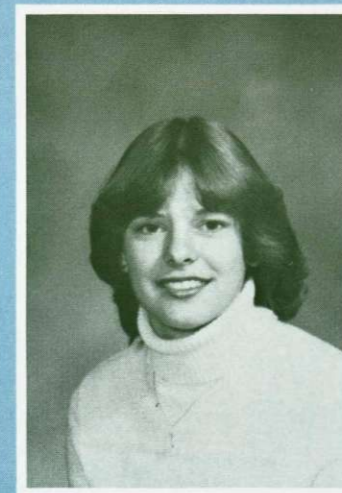

Throughout grades one to twelve, we have made many friends, some move away to other places after graduation, but many may stay close to home. When we go out into the world, we meet new friends and make new acquaintances. but in the memories, we cherish our school friendships most of all.

Yearbooks put the entire school year into a small package. When we look through it, ten or twenty years from now, our minds will be flooded with memories of friends and the good times that we had. In this small package, we see faces that once were familiar...they again take on new light! The cliché "Good things come in small packages." applies well to our yearbook.

As editor of the 1983 "Wapiti", I hope that our staff presented the many activities in a way that you will remember your school years forever. I'd like to thank the following people of the "Wapiti" staff; Denise Smereka, Co-editor, Lyn Frisby and Karen Derewynka for their help and suggestions, photographer Tammy Dikemen, Karen Behr, who enlarged many of these pictures, and Staff Advisor and typist, Mr. Lawrence Pidluzny

Susan Kadutski
Yearbook Editor, Susan Kadutski.

Editor's Message

Note to the Reader.

The Yearbook Staff apologizes for mistakes made in the 1982-83 Yearbook. If we deleted any important information and mixed up names, we ask forgiveness and understanding as; To err is human...

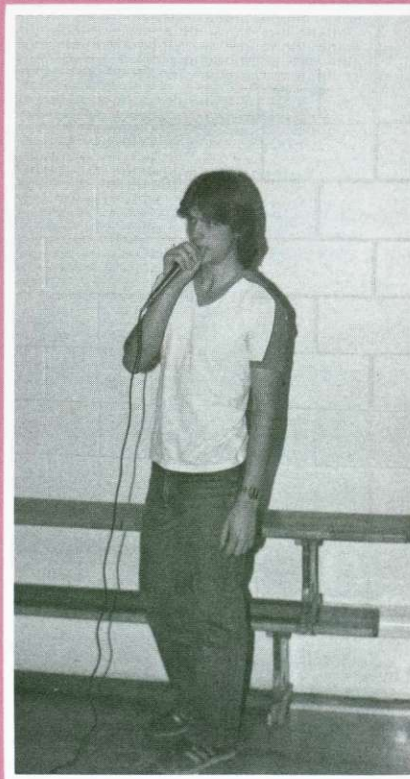

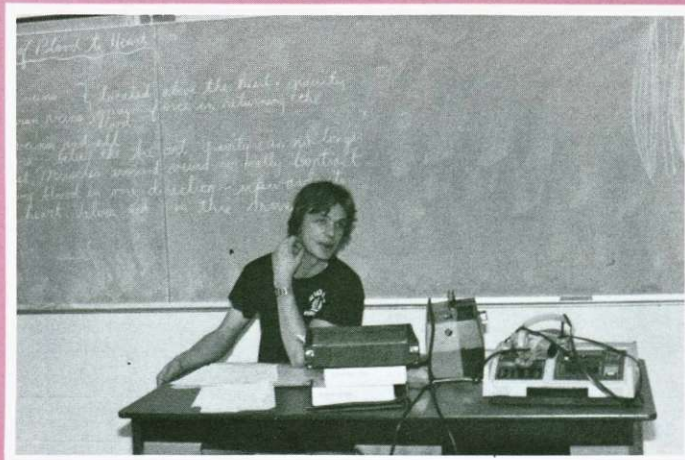

Student Union Executive

President's Message

The Students' Union, contrary to what some people may think, serves a very important purpose in our school. It provides an opportunity for students to practise some self-government, to improve communication among students, and generally help in producing and maintaining some level of school spirit and belonging. Although most of your efforts seem to go un-noticed, I feel that we can all take pride in the fact that we have come a long way.

Since the Sports Association was formed, the Students' Union's efforts could be concentrated more on other matters rather than on fund-raising projects to keep the sports program alive! All those concerned with the association have done a tremendous job so far. The same applies to the Graduating Class, and the Yearbook Staff - a job well done. Without your cooperation, and the valuable time put in by the room reps, the Union would get nowhere fast! I thank you, as well as each and every student who has donated time and effort to us. I would finally like to thank teachers, and parents as well, for your supervision, and guidance in helping us make this year a great success!

Students' Union President
Leonard Uchman

Sports Association & The Bus Fund

Continually rising costs for transportation have, for the past few years, threatened the quality of the field trip and sports programs at F. G. Miller. It was in response to this threat that led to the birth, in September of 1982, of the F. G. Miller Bus Fund projects which has as its goal, the purchase of a bus, which will be owned and maintained by the school and used for the benefit of the students of the school. Under the direction of the Bus Fund Committee, and with the participation and support of the student body, and the community, it looks certain that the project will be a success. Substantial funds have been raised by school projects and we have also received generous support from community groups such as the Legion, the Lions, and the Elks. As well, the County of St. Paul has indicated a willingness to help with the construction of a Bus Barn, and we are optimistic about the prospects for receiving grants from the government and private sources. As time goes by, the bus seems to become more and more a reality which is a tribute to staff and students of F. G. Miller and to the people of Elk Point and district.

SPORTS ASSOCIATION 82-83

The F. G. Miller Sports Association founded last year to help our inter-school sports program raise money, has had a banner year this year. We have been able to support full programs in all sports, and with the generous assistance of the Student's Union, have succeeded in our promise to fully fund the Sports program. Major fundraising activities have included a volleyball Servathon, a perogy supper, and scorekeeping and a concession at the Pacer's Tournament. In addition, money has also been raised through bottle drives and the membership fees. Finally, we have received money from the Alberta Schools Athletic Association as a result of our Senior Boys Volleyball team and Basketball teams reaching the Provincials. Thus, the Sports Association has been successful not only in raising funds, but also in producing quality teams and performances, and we look forward to even bigger and better things in the '83-'84 school year. It is our goal to make F. G. Miller a prominent name on the high school sports map in this area and in the province as a whole.

Oops, We Missed!

Well...no one's perfect, including the yearbook staff...even we made a mistake once! Because of deadlines, human error, and camera difficulties, we have missed some pretty important stuff. Sorry if we hurt your feelings, but to make it up to you, we have added a special page...this here page...especially for you...

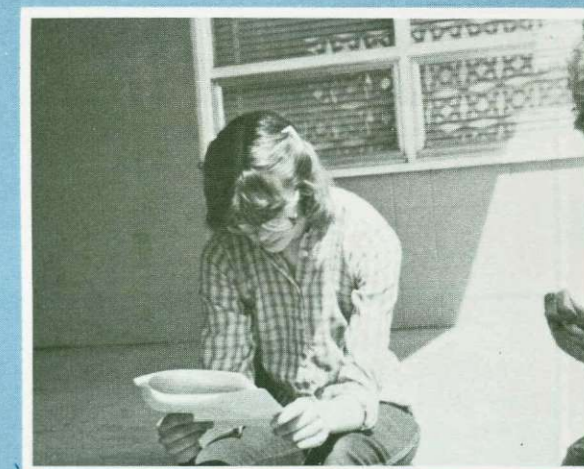

Sorry Gary and David (The Ockermans) for mixing up your write-ups. A belated congratulations to last year's Sr. Boys Softball team. They won the County Cup at Whitney Lake against Blue Quills. It was so long ago that no one remembers the actual scores, but nonetheless, we won!! Also, another victory came to us at the Ashmont Invitational Softball Tournament - our boys whipped the pants off the Vilna and Mallaig teams.

Mr. Cabaj has informed us that at last year's County Cup Track and Field Meet, two of our students broke records, and the overall standings of Elk Point students was excellent. That day, we walked off with fifteen Firsts, eight Seconds, and ten Thirds in student placings. Elk Point came in Fourth overall with 142 total points. Shane Woods broke the "C" boys record for the 100 meter race with a time of 12.45 seconds, and Kevin Ference broke the "C" boys record for the javelin with 33.40 m. Congratulations!!! Sorry Stanley for not putting in your picture last year...This year we remembered.

Track and Field 1981-82

19 ~ 83 Hut Hut

During the course of the 1982 Easthope Challenge Cup Football season, Team A had a rough start. Our team was composed of great talent, but we couldn't get organized enough to really give an offensive thrust. As the season continued, and at the half-way mark, we had yet to score a single point. Our future looked gloomy as we were getting beat by scores like 28-0, 48-0, etc. Fortunately, there were only four teams in the league, and we were automatically in the playoffs.

As the season drew to a close, we were looking better even though the scores didn't show it. The final game of the season was excellent, since we actually scored eight points. Now was the time to strike--during the playoffs! We came in as severe underdogs and yet for some reason, we did not play like ones. In the semi-finals, team "A" came out victorious to everyone's surprise!!!

The final game was our last task, and as usual, we were again underdogs. It was a close game, but we fought hard since team "B" had slaughtered us before. Somehow, we had the upper hand on them, and walked away with a 14-8 victory!!! We were proud and ecstatic as so were those watching the game. **WE ARE THE CHAMPIONS!!!**

By Dane Gancer
Team "A"

Also, this year, a challenge was made to the staff by the football teams. As expected, the boys won!

Back Row; Mr. Forrest, Dane Gancer, Bradley Anderson, Jim Vinge, Mr. Easthope, Ken Dion, Rene Gascon.

Team A; Dane Gancer, Lane Lorenson, Jim Vinge, Lorne Demchuk, Bryce Lorenson, David Scott, John Wozniak, Trent Anderson

Team B; Rene Gascon, Larry Ference, Robert Vivian, David Sparks, Bradley Anderson, Michael Stokes, Leonard Uchman, Kendall Scott, Todd Reinhart.

Team C; Jeff Buck, Ken Dion, Shane Woods, Tim Smereka, Jason Anderson, Dwayne Wolanuk, Darrell Wickham.

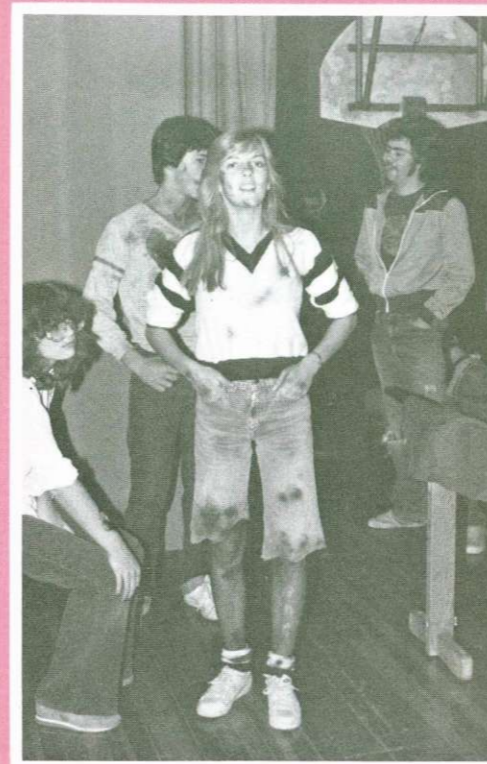

Team D; Kendall Zarowny, Michael Palamarek, Jason Jenner, Dion Roscoe, Steven Watson, Terry Wozniak, Garrett Gregoraschuk, Malcolm Palamarek.

Shuckie Darn, it got away!!!

Disaster

New Designer Jeans Trish????

Yooohooooo, anybody home in there?????

On September 27, the National Disaster Service organization came to Elk Point to test the community's readiness for an emergency by simulating a disaster. This is done about every four years to determine the length of time necessary for the removal of injured bodies from the accident site, and get them patched up in the hospital. This day provides practice for the first aid and ambulance people as well as the hospital staff.

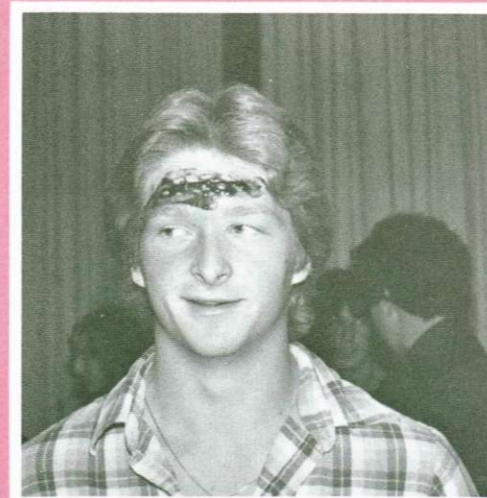

That morning, the grade twelve class (who are already the biggest disaster in Elk Point**) were the victims prepared for the day's events. Some of us had burns and open wounds, yet others had broken arms and legs. Unfortunately, Trudy, who swore she would come back to haunt us, died that day! Miraculously, she was up and about after the exercise.

At about 12:00, all of the simulated wounded were taken to the junction North of Elk Point which was designated the site of the disaster. All of us were to be passengers on a school bus which would collide head-on with a van. Brent and Shauna were passengers in the van while the rest of us were in the bus or scattered about outside.

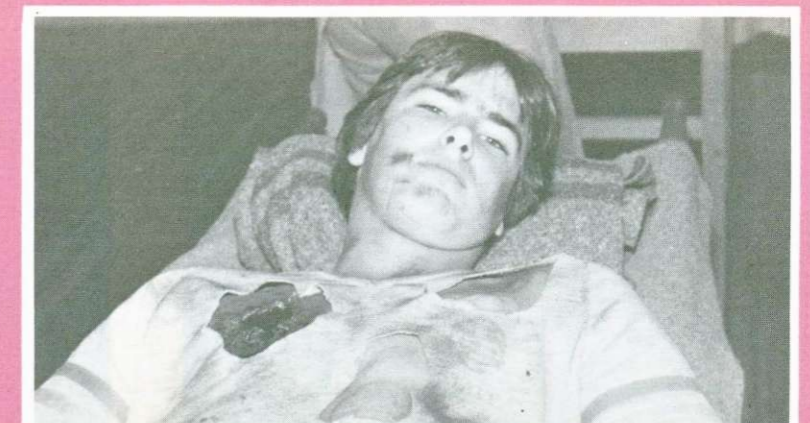

Things went quite well! Denise Maas got a free ride into town with some Indian friends (top speed to town about 30 km/hr.) I tell you, it's hard to lie there dying in the cold for about one and one-half hours, before anyone even comes to rescue you. We all made it out however, and were taken to town and cared for.

It really was a great experience but one cannot take such a simulated event all that seriously. Overall, the day was a challenging and great experience but surely we are glad that it was only a simulation.

Denise Smereka

Weiner Man, Injured by Flying Hotdog!

Ghosts & Ghouls

Halloween is a time for ghosts and goblins. The wind howls outside the doors of the F. G. Miller High School as witches and monsters and other lesser than human forms creep into the halls and down to the gym where the Good witch of the school, Michelle Metz stands above them with an air of power. "The time has come!" she says... "to select the three best victims for the feast!" The crowd lulls around her with anticipation... then with a bolt of lightning, she etched their names in to the far wall.

first; Maureen Fedorus, Munchkin
second; Kelly Currey, Pluto
third; Norine Pilisko, the punk rocker
The three stood up to accept their fate, and the crowd hissed behind them.

Actually, this is only fantasy, but the three mentioned above did win for being best-dressed.

The biggest little kid in town...

Fang you, fang you!

Missing; Anthony Kondla, Brad Lazicki, Dan Povaschuk, Ron Wirsta.

Soccer News;

This year's season went well! The Senior Boys won the County Cup by defeating Blue Quills, 4-0, and Heinsburg, score not available. The girls tied (1-1) with Blue Quills, but in the final game, Mallaig defeated Elk Point, 1-0. Although the girls did not win, they put up a strong fight against both teams. Again, congratulations to the Senior Boys, and thanks to Mr. Forrest for coaching. Good luck next year to the teams of 1983-84.

Two Mousekateers.

Muppet Show Rejects!

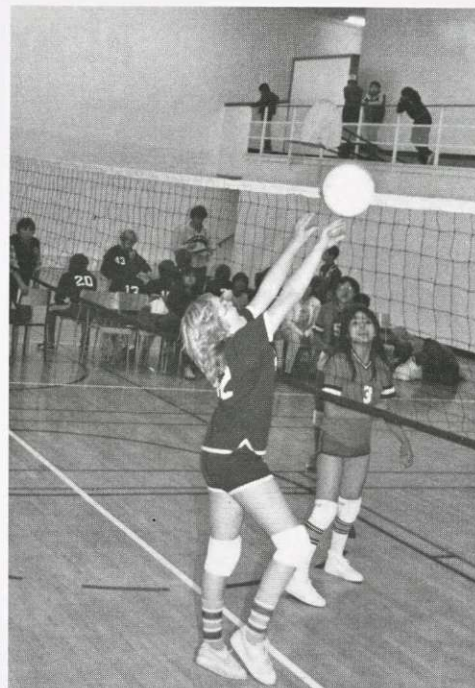

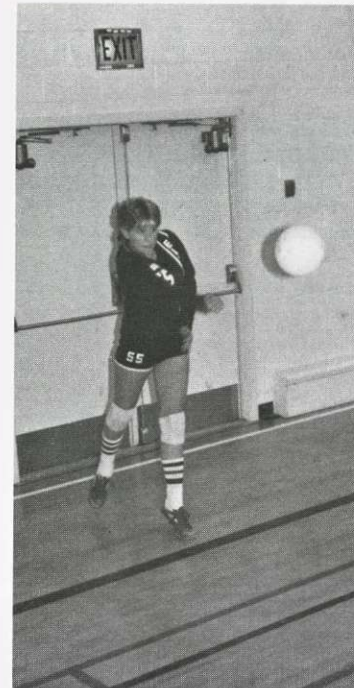

Raggedy Andy.

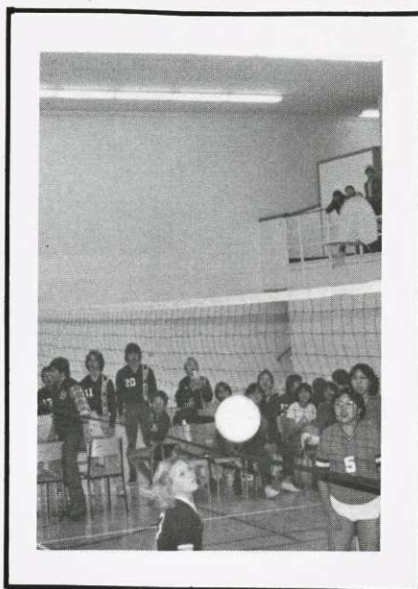

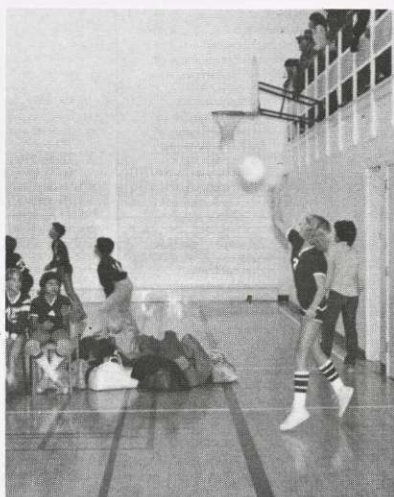

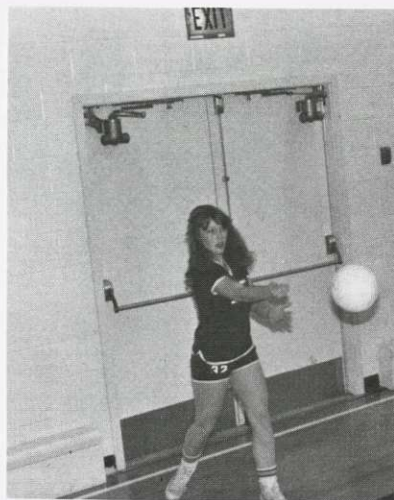

No write-up will be available for cross-country. The runners started running and we haven't caught up to them since!!! Maybe next year.

On September 19, 1982, we held a Fun and Fitness Run to raise money for Terry Fox and the Bus Fund, as well as having some good clean fun. The run was not held for competitions sake, but for everyone to get out together and participate in a day of laughter and exercise. Small prizes were received by all participants, as everyone is a winner in the Run! Victor Stepa (Men's Open) Jody Bugera (Girls 16 and under) Michael Higgins (Boys 14 and under) Bryce Lorenson (Boys 12 and under) and Jimmy Onusko (Mixed 10 and under) were people that did place first in the numerous runs that day. Total funds raised for the Terry Fox Fund were 234.66 and the Bus Fund \$213.84, the overall earning 448.50. Thank you to all those that participated in this fun-filled event.

Jr. Girls

Enthusiasm for the game, had to be the most evident attribute of this year's Junior High Girls' Volleyball team. Spirits were always high even when the team found themselves on the lower side of the scoreboard.

I feel that this enthusiasm and enjoyment in playing the game often determined the outcome when involved in a close contest. Opposing teams "Always" knew we were in the game whether we won or lost; this year's team did have a good year in that they maintained a 50% win-loss record, throughout the year. Our lack of experience was evident at County Cup which disallowed any chance for finals qualifications.

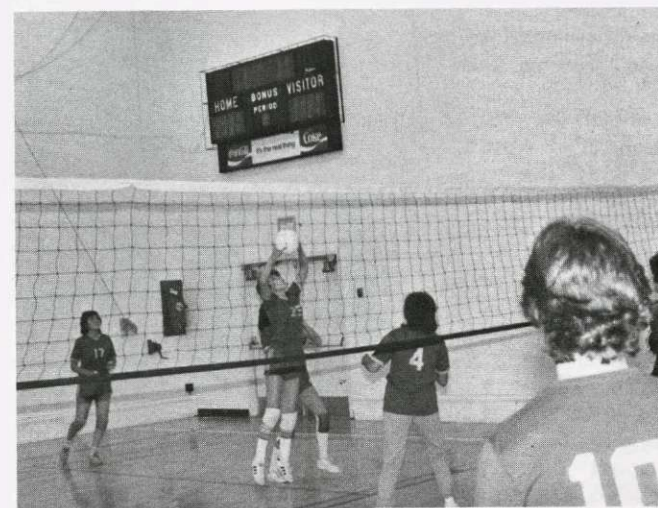

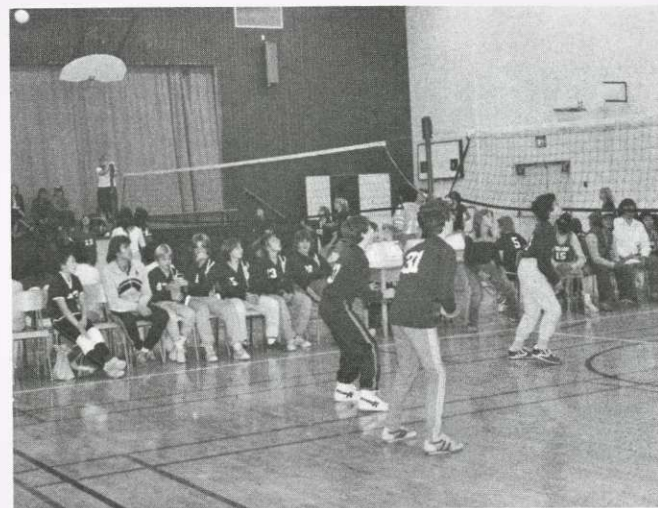

This year was an important building step for next year, since the majority of the team was made up of Grade 7 and 8's.

Good luck to the Grade Nine players going on to High School teams and to the returning and new potential players--See you on the courts next year!!!

Coach; R. Boyd.

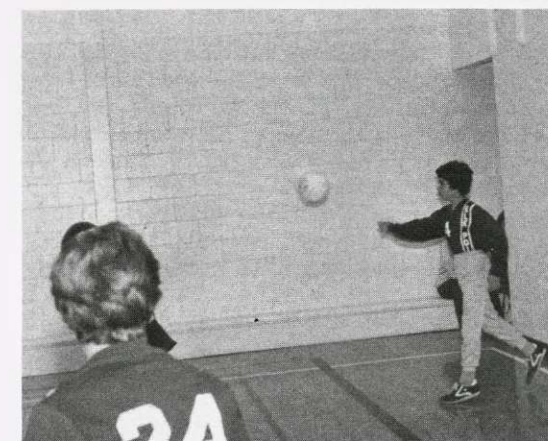

Back to Front; Rhonda Pacholek, Diane Pelletier, Glenna Grykuliak, Loely Jenner, Jackie Garriock, Lorelie Wichham, Kathy Mistol, Maureen Fedorus, Mr. Boyd, Coach, Roxanne Gascon, Heather Poitras, Colette Poitras, Tina Stafford, Christine Bugera.
Missing; Barbara Hawrylak.

Jr. Boys

The Junior High School Boys' Volleyball team had a late start because of not having a coach. However, once they got started, they displayed a lot of character. The majority of the team was made up of grade seven and eight students, and their lack of experience and height was obvious in games against other county teams. At the start of the year, these boys had very few victories, but with practise of the basics, their performance improved each time out. Two tournaments, in Mallaig and Heinsburg, proved to be good experiences with success experienced at both. Performance at the County Cup was perhaps the best of the year. The playoffs were missed by one game and victories over perviously unbeaten teams, were furnished. Keep up the good work, and good luck next year.

Mr. Musselman, Coach.

Back Row; Mr. Musselman, Malcolm Palamarek, Lane Lorenson, Tyler Johnson

Centre Row; Tim Smereka, Ronald Poitras,

Front Row; Jim Yarmuch, Albert Lim, Murray Palamarek

Missing; Calvin Bespalko, Rob Hippisley, Carl Fakely, Danny Maas.

Senior Girls

Back Row; Trudy Nelson, Manager, Tracey Poitras, Leslie Gadowski, Ruby Hawryluk, Shauna Campbell, Charlene Moneta, Donna Serniak, Lyn Frisby, Manager.

Center Row; Norrine Pilisko, Carol Babcock, Sherry Pinder, Crystal Poitras.

Front Row; Lynn Kryvenchuk, Susan Kadutski, Sally Adomaitis, Missing, Christine Bintz Desiree Thir, and Angie Lesyk.

The 1982 Volleyball Season was great! The team members were no problem, as I myself, did not have to discipline them.

The team improved tremendously, and I fully expect them to be even better in the next season. We are not champs, but we were winners.

The goal for the '82 team was to win Fifty percent of the games. During the first part of the season, we were at about Sixty percent, and later dropped to Fourty. The drop was due to inexperience, but the players sure tried hard.

I am indeed proud of my girls for their efforts, and their good sportsmanship, though there was one time when we got a yellow and a red card at Marwayne, when one of the girls kicked the ball with her foot and it bounced off the ceiling and drilled to the floor.

I'd like to thank the girls, and the school for allowing me to be a part of their school life during this time. It was a good experience and I'll remember all my kids in a different way. i.e., Donna, flying around like a bird (digging); Leslie, plays hard when she's angry; Charlene, has a temper; Sherri, throwing her arm out; Angie, suspension (not by me); Sally, octopus, all arms and legs; Crystal, blocking Val; Tracey, spikes; Shauna, strong serves; Susan, her Ukrainian cheers; Ruby, fantastic fingers for pushing (for being so skinny, she's strong; Lynn, being a good sport, and coming back; Carol, good sport; Lyn and Trudy, wearing their masks and hats to the games.

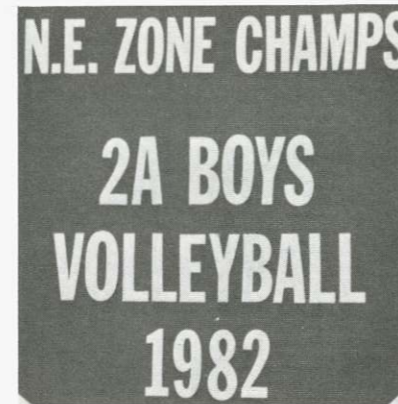

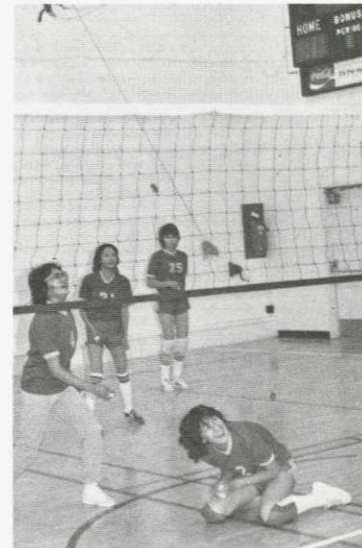

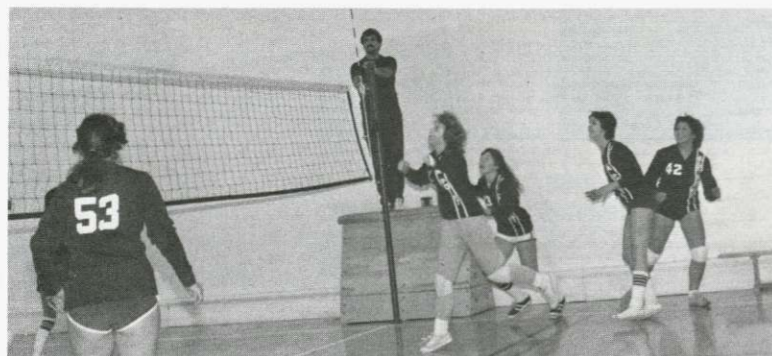

A special thanks to my assistant coach, Wendy Hutton

Thanks to Mr. Johnson and his fantastic support--- cheers and cake...

Where were the parents? Did you girls tell them to stay home? For next year, remember, you will do better!

Good luck and thanks,

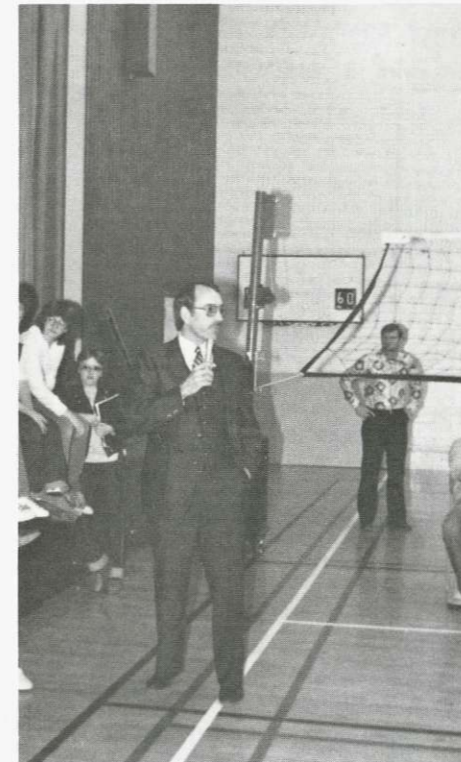

Liz, (mom), coach, (Whizzy)

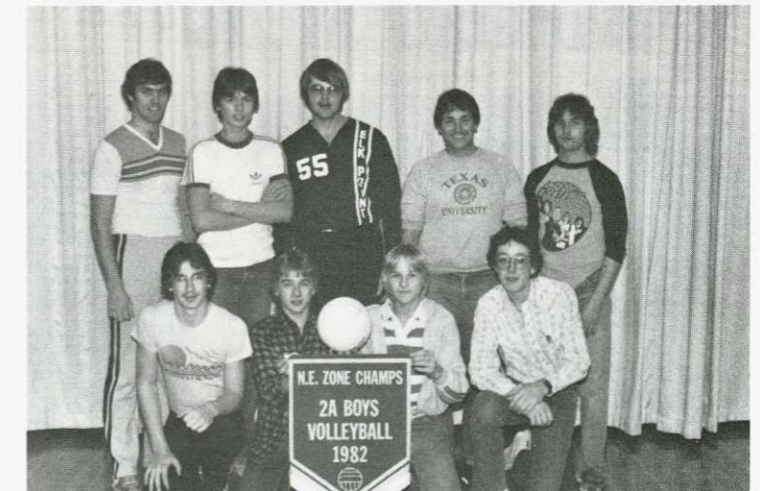

Senior High Boys Volleyball

The senior boys volleyball team had a season filled with ups and downs. The eight member team began the year with limited success in County Cup play, winning about half of their games. It took in one tournament, in Marwayne, and to their own surprise, came away with Zone Championship banners. The second half of County Cup play proved to be a bumpy road. At the finals, Heinsberg eliminated the boys from further action. Then came the highlight of the season. At games in Vermillion, our boys' team, much to the disbelief of all the experts,, proved to be the best team and won the right to represent the Northeast Zone at the "AA" Provincials in Carstairs, Alberta. The trip to Provincials was an enjoyable learning experience in which we provided good competition to all teams, even though we did not win any games ourselves.

Coach; Mr. Bill Musselman

Mr. Johnson wishing the Sr. Boys luck at the Provincials

Back Row; Mr. Musselman, Jason Jenner, Mike Habiak, Rene Gascon, Bryan Woloshyn

The following students who are part of Mr. Lazicki's Art Class have received recognition for success in several art contests. In a contest sponsored by the Royal Canadian Legion, the following students won awards; Blair Capjack, second place at the local level, second place at the Zone level, and second place at the District level. Bradley Anderson took first place at the local level and first place at the Zone level.

In a contest sponsored by the NACH, the Mascot Contest, the following students won awards; Carol Jenkins, first for Alberta, prize, a trip to the Yukon, Zoe Bekker, runner up, prize, two record albums, Laurie Proskiw, runner up, prize, two record albums. Out of 11 awards given by this organization, the art class received three, including first.

In the Fire Prevention Contest, Laurie Proskiw art work went to the National Level and she came seventh in Canada.

Senior Girls' Basketball

Kathy Hawryluk, Leslie Gadowski, Ruby Hawryluk, Colleen McAleese, Tracey Poitras, Karen Ockerman, Karen Ockerman, Sally Adomaitis, Miss. Madeline Foley, Supervisor, Debbie Hunter, Crystal Poitras.

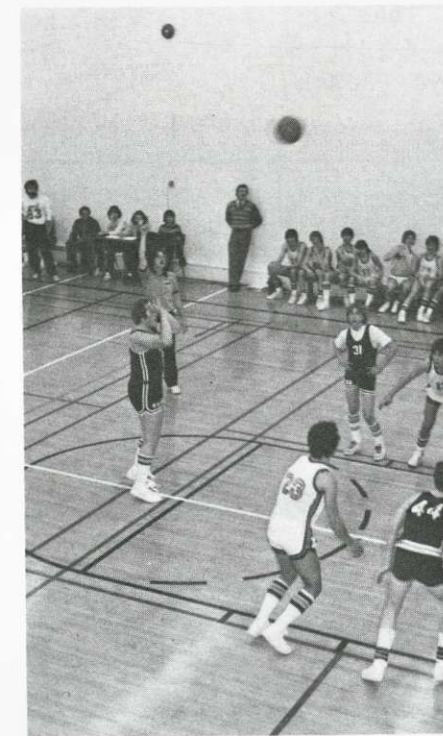

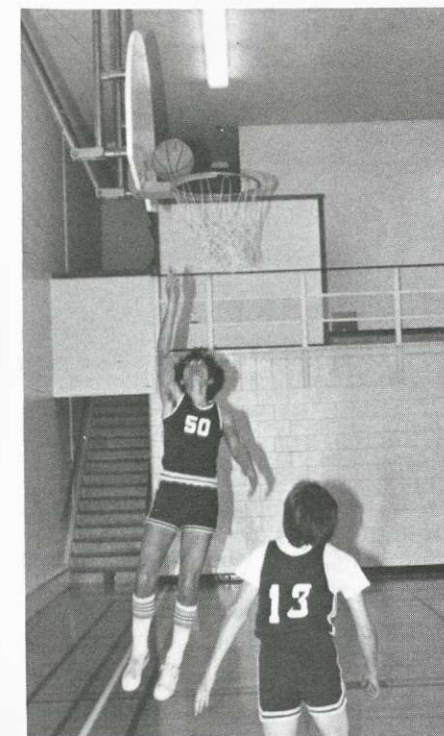

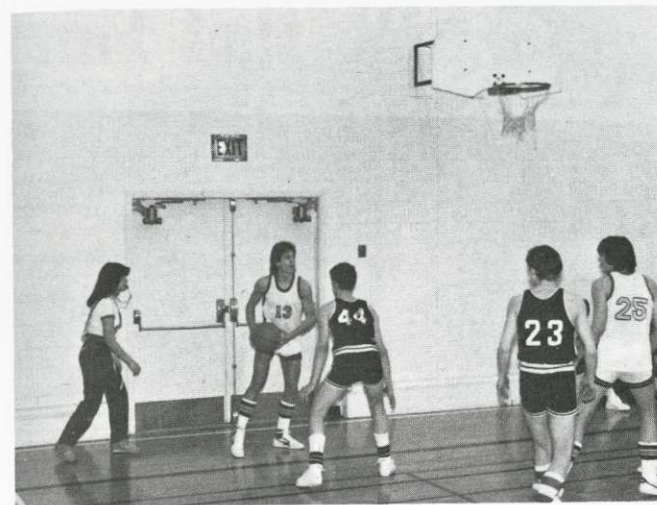

The Senior High Girls Basketball season consisted of several games plus one tournament in Bonnyville. We also qualified to go to the Zones held in Vermilion, but we lost to J.R. Robson. To raise funds, the basketball teams sponsored a pyroghy supper. Although we lost many of our games, we had an enjoyable season. We were grateful for the time Miss Foley devoted as our coach and manager.

Karen Ockerman

Tracey wishing the Senior teams luck in the Zones.

Competitors

Back; Brian Loughran, Mike Habiak, Jim Mistol, Kendall Scott, Mr. Forrest, coach.
Front; Ron Wirsta, Wayne Tymofichuk, Eugene Piotrowski, Ken Dion.

The Senior Boys had a very busy and successful season this year. Beginning in December, a team made up largely of grade 10 and 11 players worked hard and long all year, and improved tremendously along the way. The season was a busy one, and with exhibitions, regular season games, and tournaments, the boys played well over thirty games. Highlights of the season included trips to tournaments in Edmonton over the Christmas holidays and Bonnyville in January. Finishing in a tie in the county league, the boys lost to Ashmont in the County Cup competition. The real high point of the season, though, came in post-season play. By beating Lamont in the Zone Playoff, the boys became the second F.G. Miller team of the year to qualify for a Provincial tournament at the 2A Level. The tournament was held in Strathmore, and the team represented Elk Point and the North-East Zone proudly. They lost to a powerful Edmonton team, and then came up just a bit short in a heartbreaking game with Fairview. As the youngest team at the tournament, the boys established F.G. Miller on the provinces basketball map. Bet on them to be back at the provincial tournament next year, this time ready to win.

Mother: So how was the game?
 Son: Oh, we lost again.
 Mother: Did you have fun?
 Son: Yeh, I really like hockey!
 Mother: Well, if you had fun, and you tried your best that's what is really important. That's what winning is all about.

I wonder how many people have seen this T.V. commercial. The sport is totally different, of course, but the underlying message is certainly similar when we discuss the 1983 season of the Jr. girls basketball team. Winning did not come easy or very often for the team. However, dedication, hard work, and uncomplicated joy and desire to play the game resulted in the girls always playing as a team, and progressively increasing their skill level throughout the year. Keep that desire to improve, and you will all find yourselves on winning teams in whatever area you may choose.

See you all next year.

R. Boyd (Coach)

Tyler Johnson	Richard Frisby

This years basketball season began with a very small turnout. It did not result in a lack of effort, however. As the year progressed, the team jelled into a unit that gave some of the other teams in the league some very trying moments. I hope that next years turnout will be greater, increasing this schools interest in basketball.

Coach: Mr. Bill Musselman

There were no pictures available for junior boys basketball.

This year's ski trip was a lot of fun. Those who had experience in skiing enjoyed going down the harder runs, and those who were just learning enjoyed walking down "Willy's Way".

Gary and Kendall kept everyone entertained with their non-stop comedy and dare-devil maneuvers through the bush trails. Sonia was'nt in sight very often because she was dodging someone named "Four Gear", and when she was seen, she had two different boots on. She said it was a disguise.

Karen, Trish, Brent, and Mr. Forrest, the pros, seemed to get very upset when they took the occassional spill. While Susan and I were always glad to get to the bottom, and considered falling only a hundred times pretty good. Sandra, who had skied only once before, had no trouble keeping up with the pros.

Trish and I wished the rest of our company had seen the real deer, and Kendall and Gary wished Judy and Irene were real dears.

Albert Memorial

At Easter, thirteen of us, with our teacher-supervisor, Miss Foley, went to Great Britain. The first four days were spent in London. During the next week we travelled to Edinburgh, the capitol of Scotland. The last four days were spent back in London. We saw many sights such as Stonehenge, the Tower of London, and Shakespeare's birthplace among many others.

Despite Kenny's uncontrollable laughing, Janet's blinding flashes, Sue's late nights, Laurie's hallway escapades, Susan and Karen's compulsive dessert devouring, Cheryl's curling iron episode, our bus driver, Roger's sick jokes and insults, Dane's missing bed, Tracey's close call with a double-decker bus, Michelle's whoopie cushion, Laura, Tova, and Michael's adventures on Rose Street, and Miss Foley's near nervous breakdown, we all had a great time and learned to live with each other. Ha! Ha!

Badminton

The Senior High County Badminton Playoffs were held in St. Paul, April 27th, 1983. Our school was represented by twenty-two players; only the Senior and Intermediate Girls' Singles categories were not represented. At the end of the competitions, Elk Point had one team finishing fifth, two finishing fourth, three in third place, and six in second place. One team, that of Tracy Poitras and Troy Lorenson, in the intermediate mixed doubles, finished in first place. They went on to win the zones in their category and represented us well in the Provincials in Calgary, May 6th, Graduation day.

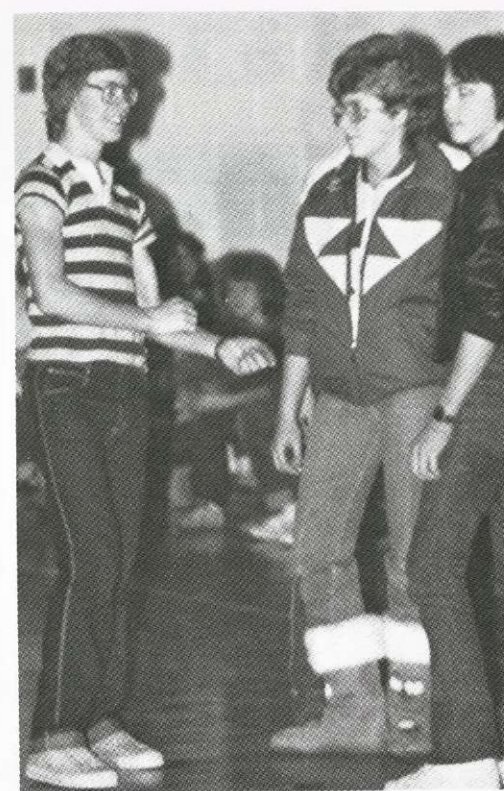

There were no pictures available for senior badminton, and too many participants to mention.

Junior High Badminton

Players: Malcolm Palamarek, John Charlton, David Hellquist, Carmen Gulayec, Melanie Boratynec, Deni Cameron, Jim Vinge, Craig Campbell, Brian Ference, Garrett Gregoraschuk, Murray Palamarek, Albert Lim, Glenna Grykuliak, Marguerite Bosvik, Joely Jenner, Rhonda Pacholek, Tina Stafford, Michelle Shymkiw, Jacki Garriock, Jim Yarmuch, Brad Anderson, Cheryl Kadutski, Jason Anderson, Val Ockerman. Coach: Mr. Bill Mussellman.

The Junior High Badminton teams practised for about one month preparing for this years County Cup. Success did not come easy, however, one or two teams per category reached the quarter finals in all three events. Although some teams experienced more success than others, every member of the team improved greatly over the year. Next year Elk Point will be a force to reckon with at the County Cup.

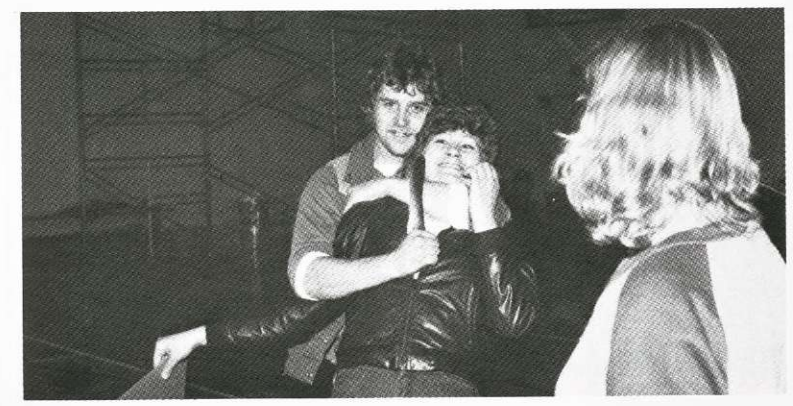

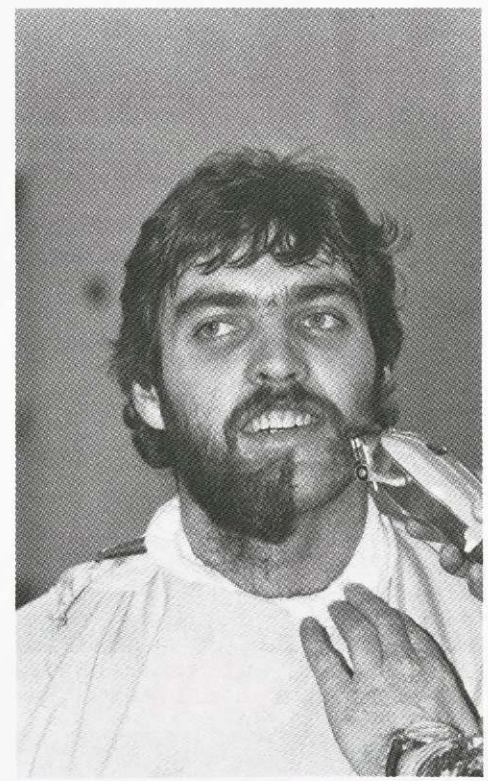

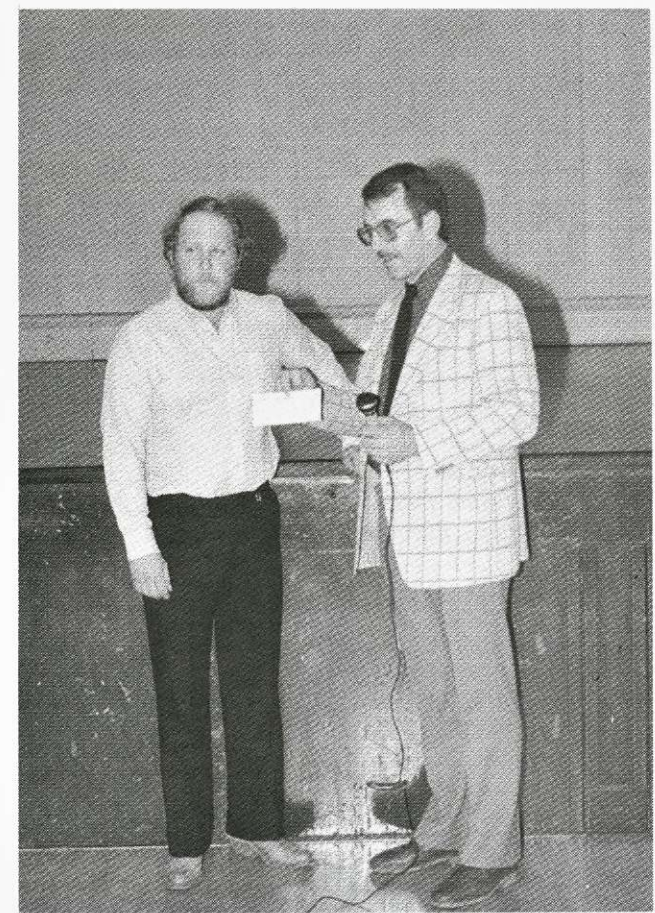

Congratulations to all participants.

This year, as in all sports Elk Point did very well. In the County Cup Softball tournament, the Jr. High put in a tremendous effort, but were defeated by other teams. The Sr. High teams did well. The Sr. Boys won the trophy, and the girls came in 2nd place. Congratulations to all the teams for showing great effort and team spirit.

Track & Field

F.G. Miller Track and Field this year was very successful. The Seniors went to Lloydminster May 30th, for the Zones. The following people qualified to go to the Regional meet June 14th:

Michael Palamarek - 1st in Jr. Boys 400m
1st in Jr. Boys 800m
1st in Open Boys 4x400m Relay
Ken Dion - 1st in Sr. Boys Shotput
Marvin Ference - 1st in Sr. Boys Javelin
Angie Lesyk - 1st in Sr. Girls Discus
Donna Serniak - 2nd in Sr. Girls High Jump
Darrell Wickham - 2nd in Sr. Boys High Jump

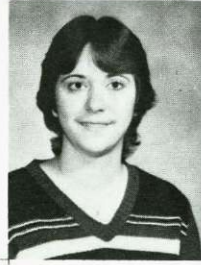

Congratulations to these people and also to the rest of our competitors at this meet. They all performed well and represented the F.G. Miller proudly.

More Softball

ELK POINT
BAKERY LTD

724-3819

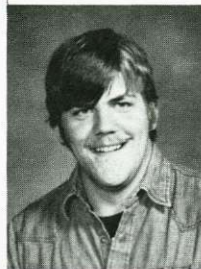

Kim Anderson, Kimberly, served on the Graduation decorating committee. She liked her special projects at the hospital, and some day hopes to become an R. N. She plans to go to the Royal Alexandra Hospital for her training. Kim doesn't like Math very much because she's terrible at it. Kim will always be remembered by her large green eyes and long eyelashes. Kim loves Kenny Rogers because of his beard and on the other hand, she dislikes no one. Why discriminate? Her most embarrassing moment was when she slipped and fell on some ice on main street. The Salt Plant trip was the most fun she had.

Kathy Behr, otherwise known as Katrina or Grizzly, will be remembered by being the only Grade 12 with braces on her teeth for Graduation. As far as we know, Kathy enjoyed most of her subjects in school. Her ambition in life is to take full ownership of the Elk Point and District Co-op by first getting rid of all those who "own" it... Seriously though, Kathy will do very well in what ever she chooses to do as a career.

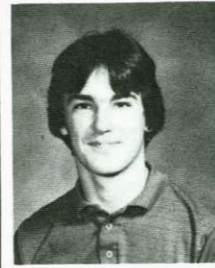

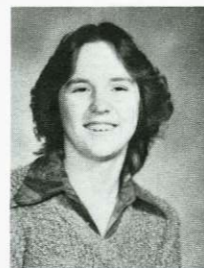

Cheryl Bekker, Lou-Lou, will always be remembered by her laugh. She enjoyed swimming and curling. Her favorite subject was Math because she understood what was happening. She did not enjoy Social because she thinks that people should know us 1000 years ago, not us know them.... Her favorite person is Al Hackner-curling hero!! Her least favorite(...) this year was Miss Foley because of the test she made her write the day before Grad...Cheryl's most embarrassing moment was when she fell off the bus while all the other buses were behind her. Her ambition is to become a recreation director.

Christine Bintz will always be remembered by her beer mugs! She enjoyed Business Foundations 30 because she could always catch up with school gossip. Economics wasn't very pleasant for all they talked about was something she did not have...money! Her ambition is to never have to worry about money, so she plans to marry someone with lots of it. Christine doesn't like Gary(he's always bugging her, and girls that flurt with her boyfriends. Her most embarrassing moment was when she got kicked out for stealing Mr. Freezies from Bubbles. Her favorites are National Skip Day, Doria (she's full of info) and Ms. Garnier who doesn't get mad. If she had to do it all over again, she would move south of the river so she wouldn't have to ride the bus with Leonard, Sean, Alan, Danny, and Kenny.

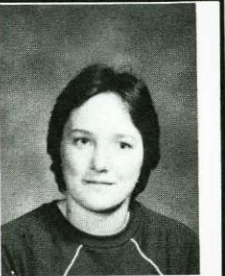

If Stanley Bretzer, Igor, had a chance to do it all over again, he would come back to Grade 12 for another couple of years. He enjoyed Law and hopes to become a law enforcement officer by going to college and getting the training he needs. Overall, he liked most of his courses. His pet peeve is Wayne Gretzky, because "he's a little wimp" who gets Dave Semenko to do his fighting. But Stanley likes Semenko because he makes people think before saying something against him.

If Jeanette Brown could do it all over again, she would not have quit school in the first place but would have seen it all the way to the bitter end. She will always be remembered by her being the only married student in Grade 12, and also by having the highest marks known in Grade 12 Diploma. Jeanette enjoyed Math, for it seemed easy for her, but Agriculture posed a somewhat different challenge... Her pet peeve was having too much homework in Math 33 while the most fun she ever had certainly was not in school. Her favorite people are Barry and her son Shaun. In the future, Jeanette plans on entering a small college to study in the field of Banking.

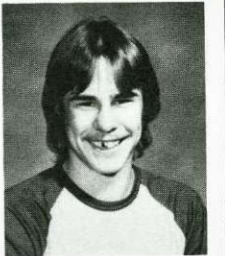

Jeff Buck, Cheswick, served on the Students' Union Executive as Vice-President. He enjoyed most classes except Social Studies because Miss Foley gave too much work. The most embarrassing thing he did was call up a certain girl for a date and having her hang up on him...apparently she thought it was really someone else. She then called back and accepted the invitation. His most favorite person in the world is himself because he and he get along so well. On the other hand, he said if he had a chance to do it all over again, he wouldn't because he needs all his time to complete his life-long ambition--- to bicycle around the world.

Shauna Campbell, alias Lila, Soup, and Glazed Doughnut, will always be remembered by her laugh, especially when Brad attacked her sweat pants in Grade 11????? She enjoyed Special Projects because she could cut out paper animals for elementary art projects. English bothered her somewhat because she didn't exactly care for it too much...unless it would involve studying "Huck Finn" or "Tess". Graduation was a thrill as she finally was able to get on stage! Her pet peeve is Bryan, and her favorite person in the world is her....sister!! Shauna plans to go on to secondary school in the near future.

Angela Cochrane, Shorty, will always be remembered by her long nails. Her favorite person is Carfield because he always gets his lassagna. Her best subject was English--as she stated...it didn't take much brain power. Social Studies bugged her because it seemed boring at times, and at other times, there was far too much homework. If she had a chance to do it all over again, she would sleep longer in English and Chemistry. Graduating was fun, but being pushed into the guy's shower room while John was showering, was very embarrassing.

Dan Currey, Pickle, will always be remembered by his "rolling snowbank on wheels". If he had a chance to do it all over again, it would be harder and faster. His favorite person is himself...Dan enjoyed taking short vacations from school--without pay, that is.. Dan didn't know what subjects he enjoyed, but is still thinking about that. Good luck Dan in your future endeavors.

Tammy Dikeman, our yearbook photographer, enjoyed Chemistry as she could always catch up on her sleep, but didn't enjoy English for Mr. Forrest's long talks kept her awake. She will always be remembered by her bright green mini-skirt and for her wiping out in Physics 20 while attempting to get to the bus. She dislikes male drivers...Her favorite day of school was June 17, 1983. Tammy hopes to become an airline stewardess and to accomplish this, she plans to... grow wings...???

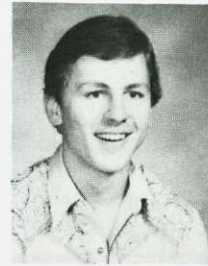

Ken Dion, Chief, was widely known for his interest in basketball, and other sports. He enjoyed Physical Education and will be remembered by being Elk Point's Most Outstanding Athlete. Ken doesn't hate anyone, at least, he didn't mention anyone.. He enjoyed also, the Europe/London trip. If he could do it all over again, he would try to pass English, but the problem is that he never could get to like that subject. Ken plans on becoming a professional athlete and be drafted by the Edmonton Eskimos.

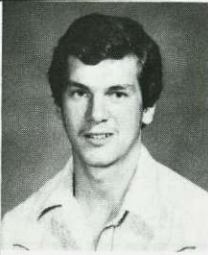

Michelle Fedorus, alias Mickey, Metro, Chico, and an all around short person, was the Vice-President of the Graduating class. If she had a chance to do it over again, she would eat all her veggies so she wouldn't have to sit in the front row at Grad Exercises. Michelle will always be remembered by her smallness and long eyelashes. She dislikes sitting on people's knees in crowded vehicles and also people who wear red shirts. She liked work experience because it was the closest thing to a spare. Mr. Pidluzny just wouldn't let her sleep in Bio. One day, Gary O put Michelle in a big box; she couldn't get out until a teacher came along and rescued her. Her ambition is to be six feet tall (invent a new yard stick, is one way.....)

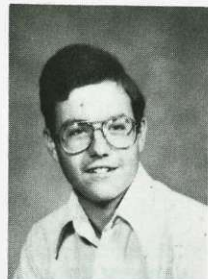

Allan Ference, alias Haji, Al, Al Delco(?) Porky, and Ali Baba will always be remembered by hitting the odd ditch or two. Allan enjoyed Math, because Mr. Hellquist was an easy person to bug. He also enjoyed climbing on the roof of the school and getting reported, skipping, putting the blinds all the way down, and sitting on faulty chairs in Physics. Allan's pet peeve was studying ancient Shakespearian poetry, and Tess in English 30. His favorite person is his dad because he has free gas and lets Al have the truck on weekends, but Al would like to see Eddie Keen shot because he's always complaining. The most embarrassing time for Allan was the pants-ripping episode in Physics. Allan hopes to become a civil engineer,

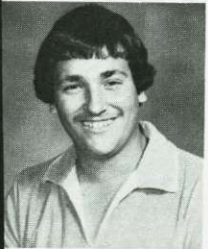

Marvin Ference, Herman, will always be remembered by his fancy truck, and Kathy, who was always in the truck. Kathy, of course, is his favorite person and he likes shop because he can work at his own pace. Marvin could always be seen standing by the bathrooms watching all the girls go by. Marvin didn't like English, and if he could do it all over again, he wouldn't go to that class at all. One day, he got a ticket from Sgt. Tweedy in front of the school. His pet peeve was trying to find the cops on weekdays when they are needed, but having no trouble finding them on Friday and Saturday. Marvin hopes to become a pro hockey player, but he feels he has to find a better club than the Bonneyville Bees.

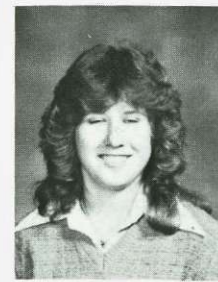

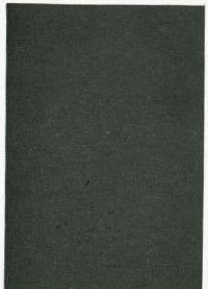

Sean Friesen, Spaz, will always be remembered by ...not being here? He did enjoy J. F.'s English class and Christine, because they were both easy to bug. Sean doesn't care for Economics, writing essays, or teachers who were no fun. He'd like to do school all over again because he feels 12 years just are not enough to do all that he wanted to. Sean's most embarrassing moment was the morning after the night before when he had to walk to work. Sean hopes to become an agricultural mechanic possibly by bribing the Dean of the Faculty at the College he plans to attend.

Rene, "the Pope" Gascon will always be remembered by punching everyone who got in his way. He enjoyed learning about the birds and bees in Modern Living, but didn't enjoy Canadian History--it was o-u-t! Homework was against his religion. Rene thinks that his mother and father are the greatest because they let him have his way all the time. Rene and Ken had a great time on the N.A.I.T. trip---they got lost...! Rene split his pants twice in the same day (wonder why?). Rene would like to become a successful businessman by somehow furthering his education.

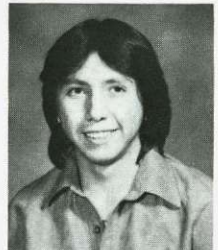

Michael "Habs" Habiak will always be remembered by his "Black Knight". He enjoyed Biology and English, and going to two sets of zone playoffs. His pet peeve is television commercials, and also his truck not starting or running out of gasoline. Michael's main goal in life is to farm several sections around Elk Point, get married, have 15 kids, and live happily ever after...

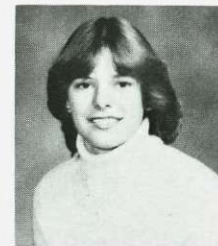

Dolores Hladchuk didn't think she had any outstanding features, but she did enjoy trying to figure out Psychology. She did have a good time at the Initiation ceremonies. She enjoys listening to John Cougar, but feels Ann Murray howls rather than sings. Her most embarrassing moment was being caught cheating on an Occupations exam. Dolores plans to go on to secondary school, and become an interior decorator. She also would like to marry a Frenchman...good luck!

If Alan Jenkins had a chance to do it all over again, he wouldn't do it here. He did enjoy Phys. Ed. though, because it didn't take much out of him, but Math just didn't get along too well with Alan. His favorite person is his mom--she helped him through twelve years of school. "Don't Bug Me!" was Alan's favorite saying as he did not like people bugging him. The most fun he had in school was the senior high ski trip to Cold Lake, but the most embarrassing was when the girls in Phys. Ed. pulled down his sweat pants while he was still in them. His ambition is to finish Grade 12 with 100 credits.

Susan Kadutski, Chuckie, served on the yearbook for the last three years. She enjoyed Special Projects because of the glu...it sure held those pics. She disliked work and all classes except spares (we know better).. She will be remembered by the repetition of unclean jokes, her smile, and always saying "Give 'er", or "Get your mind out of the gutter and leave room for mine!" The most embarrassing thing that happened to her was when she had a laugh attack while watching the "Diner" at Jasper. Her most favorite person is her mom because she put up with her more than anyone else. After 18 years, she yet is to have a nervous breakdown over Susan (which will never happen)She is also the only one who made it to the Comprehensives!

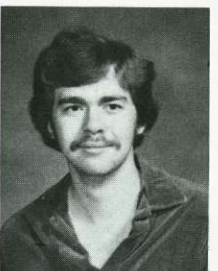

If Lynn Kryvenchuk had a chance to do it over again, she wouldn't have come to school in Elk Point, but she did have a lot of fun here. She enjoyed Business Foundations because there was always something funny going on. Also enjoyed Mr. Forrest as he, to her, taught the "right" way. When Lynn got her contact lenses, everyone thought she had broken her glasses. She enjoyed sports such as Volleyball and baseball, but did not like hitting the ditch on the way to flower making. She plans on attending Grant McEwan College to become an R. N.

Doria Lagace, or Munchkin, Rollycoaster, Shorty, or Sweetcheeks, was our Students Union Advertising Convenor, and in charge of ordering Forever Grate-fuls for Grad. Her favorite classes were her numerous spares, and playing foot- ball in the hallway with Allan (She was the ball). She especially enjoyed "Different Strokes" on TV as she is taller than Arnold. If she could do it all over again, she would go to the ski hill without anyone knowing. Her most embarrassing moment was when she sat on a tack in typing and the electrician there started laughing. She didn't like Math because the numbers were too tall. Doria's ambition is to grow an inch taller than Trudy by getting people to quit tapping her on the head.

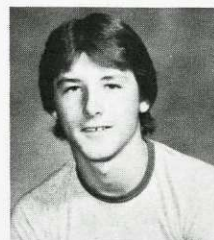

Brad Lazicki, Spick, will always be remembered by his big nose and beer belly. The best time he had was when he wasn't in school. Bugs Bunny is his favorite actor. Like Alan Jenkins, he got his pants pulled down in Phys Ed. one day. He enjoyed Biology, but didn't get along with Social Studies or Angie - she always landed up hitting him. Brad's pet peeve is homework because he has better things to do. Brad plans to go on to some secondary school and become successful with a lot of hard hard hard work.

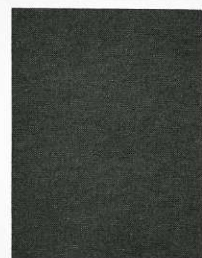

Angie "Baluba" Lesyk was S. U. secretary in Grade 11 and will be remembered by staying above the table and staying up 48 hours a day. If she could do it over again, she would party more, and have two National Skip Days per year. She has attended the 80, 81, 82, and 83 holiday, and would do it next year if she could. Her most embarrassing moment was when she wore her kangaroo jacket and got the hood tied up so her nose only stuck out, and then was tied to a door, not being able to move. Angie's ambition is to become arm wrestling champion of the world and the first woman to fly and still stay on the ground.

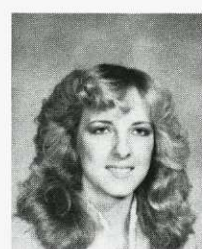

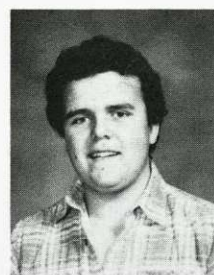

Troy Lorenson, Pestus, enjoyed Phys Ed. but found English a little out of this world. The best time he had in school was when he "never cum". His most embarrassing moment was when he put his best face forward but forgot to shave beforehand. He likes his mom the best because she gives him money, but doesn't like "no" girls and funny pictures. If he had a chance to do it over again, he would major in spares. His goal is to finish high school by possibly being there once in a while.

Denise Maas, or Mossey, will always be remembered by her witty personality, terrific figure, flashy smile, and especially, all the $$ she could dish out. The best time she ever had was in the Student Lounge where all the action was. She enjoyed Physics because it was the smallest class and she had only to put up with a few people. Denise disliked Chem though as she could never rrrmber her (+) from her (-). The most embarrassing thing that ever happened to Denise was that she ate a candy that Desiree gave her not knowing that it was found on the floor. Her favorite person in the world is Steve Perry (Journey) because he has the nicest hair she has ever seen.

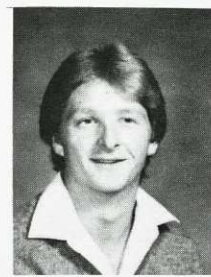

Gary Marceniuk was always called Curly because of his hair. He enjoyed spares but disliked Math because he had to work in class????!! The best time he ever had was on the Ski Trip where Kendall and he met Judy and Irene. They were so happy that they forgot to ask for their phone numbers. The most embarrassing thing that happened to Gary was when he discovered that his Christmas Tree was stolen. Gary's favorite person is Bruce Lee because he couldn't think of anyone else. On the other hand, he would like to see J.F. run over by a herd of wild pygmies because he left Gary on Spruce Tree Hill even though Gary did make it down all in one piece (we think). Gary said if he had to do it all over again, he would but he would have to have straight hair. Gary's ambition is to go to Lethbridge College to become a game warden.

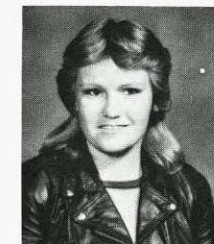

Trish, Tush, Mayner was Social Convenor in high school, and also Grad Secretary. She enjoyed Bio. because of Mr. Pidluzny's impressions of the Venus Flytrap and the Heart. She disliked Chem as L. P. wasn't around to help her get the right chemicals. Trish will always be remembered by her long blond hair and slim figure. The best time she had was at Halloween 1982 when Sonia and her dressed up as Siamese twins and no one knew who they were. Lawrence is her most favorite person because he's always there when Trish needed someone, and also, he is such a sweetie...She would like to see Karen O run over by pygmies as she broke her promise to stuff Trish in her suitcase on the U. K. trip. Trish plans to become a psychologist.

Charlene Moneta, Charlie, always liked to tease Shauna and will be remembered for saying "Ralph!". She enjoyed the courses that were never offered as there was never any homework. She disliked Social because she could never catch up on her sleep. The best time she had was at County Cup when her pants ripped at second base, and what was worse, she could not make it back to home plate. Her pet peeve was Troy, and her favorite creature was Kermit as they both turn the same color after midnight on weekends. She would do school all over again, but this time starting at Grade 12. Her ambition in life is to become rich but head back to school and do some hard work to get there (...not like some others we know...)

Brent, Weinerman Mudryk, otherwise known as Fred to most of his classmates, will be remembered by carrying weiners into the cafeteria for the Grad hot food sales. The most embarrassing things that happened to Brent were when he called someone Mrs. Raccoon as she was listening around the corner, and when his mom called him her last little bird to leave the nest at the Grad banquet. His pet peeve is landing in snowbanks. Margaret is one of his most favorite people as she's kind of special, and also keeps him in line. If he had to do it all over again, he would but only for a few hours.... His ambition in life is to make a million by winning the lottery before Marlon or the rest of the guys do...

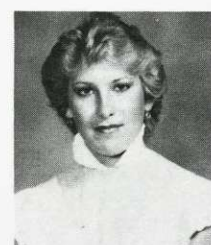

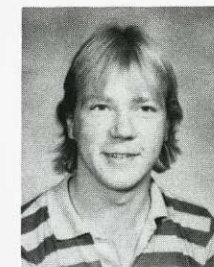

Trudy Nelson, Punker, liked spares but not Adult Education as it was not offered. Her three pet peeves were Brad, Troy, and Bryan. Her most outstanding feature were multi-colored sneakers, driving to the Pool Hall, having a Bud, and being able to out-talk anyone. The funniest thing that ever happened to Trudy was when she was thrown, all tied up, into a garbage can on the California trip. Her favorite person is Johnny Slash of "Square Pegs" as she can relate to a "totally different head". Her ambition in life is to grow just one more inch and she intends to eat a lot of green vegetation to do so.

Karen, Octopus, Ockerman's pet peeve is filling out silly questionnaires like this one. She said she would never do it all over again because it took too much time. Karen's favorite subjects varied because it depended upon which test she scored the highest on each day. She disliked Math though, and a few people whom she didn't mention. The best time she had was when she realised her three year "jail" term was over. Her ambition in life is to find a cure for Cancer or the Elk Point Nerd disease, and to accomplish this, she will need five volunteers from the Grade 12 class.

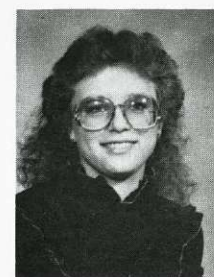

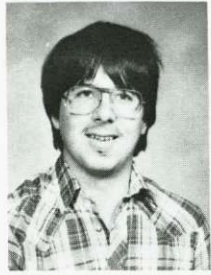

Marlon Ockerman wouldn't give us any of his silly nicknames, like toothless, or Monroe, etc. but did tell us that he didn't like too many classes in school except for Motion Picture Crafts...not too much homework! Homework was his pet peeve. The best time he had in school was National Skip Day '81, '82, '83...and he feels that the rest of his life will be like that. He would like to see Miss Foley run over by a wild herd of pygmies because she's the only one who actually dared to make him work!! He would never do it all over again. His ambition in life is to become rich and the only way to do that is to win with a lucky lottery ticket.

Sonia Palinka; or Olivia Sonech Lascia Supinka Newton-John enjoyed Pac Man in her last year of High School. She disliked being silent during classes and waiting for the PacMan machine to be free. She will always be remembered by her hairstyle and PacMan fever. She had a good time dancing with Harry and hanging around with Trish. The most embarrassing thing that happened to Sonia was when she found out her bra was hanging in the boys washroom on the doorknob of the Staff Washroom. Sonia's ambition in life is to do it all over again but first growing taller. Sonia's mother, she says, is her favorite person because only her mom could love that face

Norine, Nadeline, Pilisko will always be remembered by her sudden outbursts of laughter especially when there wasn't anything funny. She was embarrassed at the Empress when she popped a creamer open but realized it still had milk in it as it landed all over the mirror. Her pet peeve is people who eat her French Fries (Angie) If she were to do it all over again, she would sleep through it all and keep her mouth shut for at least five minutes. (Donna, and Angie would have to buy three rolls of tape to accomplish that) She very much enjoyed Alan's company--just ask him.....

Dan Povaschuk, Pokey, served as Committee Convenor in High School. He disliked Math but enjoyed Motion Picture Crafts. His most outstanding feature was his frequent trips to the office, whether necessary or not. The best time he ever had was when "Dan, Dan, Dan, and Sean...Office" rang out over the intercom. He is his most favorite person as he reminds himself of Clint Eastwood. He would like to see KZ run over by a herd of pygmies.... Dan would never do it all over again as his ambition is to become a millionaire by winning...you guessed it....a lottery. Try working.....

Karen Scott was a Room Rep in Grade 12. The best time she ever had in school was when she went home for the weekends. It was good to have a break from all the tests and work during the week. Karen didn't like Bio. or Math because they put her to sleep, but enjoyed S.S. 30. She will be remembered because of her shyness and good speaking ability in class. Karen dislikes people who put one-another down. Her ambition in life is to be happy and healthy, and to accomplish this, she will become a nurse or teach. She'd do it all over again because classmates were the best people with whom she had good times. (She would try to be more outgoing though...)

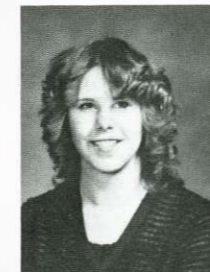

Sweet Cheeks Donna Serniak had one very outstanding feature--snorting when she laughed. She enjoyed Phys. Ed. because the supervisor got along with the whole class. Her least favorite subject was Econ. because it was sort of boring to her, and she didn't like the homework that was assigned. The best time she had in school was hanging around with Angie, Tracey, and Norine, three of her favorite people. If she had to do it all over again, she would sleep through it all. Her ambition in life is to laugh just once without snorting. Good luck.

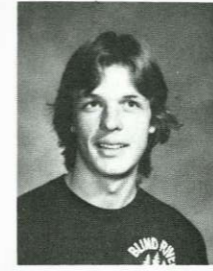

Denise "Spruce" Smereka served on the Yearbook Staff for three years, and and on the Grad decorating committee. Her favorite subject was special Projects as she and Susan always had a good time. Denise's least enjoyable was Math as all those formulae were Greek to her. Her outstanding feature was her laugh and sense of humor. The best time she had was when Mr. Pid-luzny said "Who stole the keeshka?" which sent her into a laugh attack. Her pet peeve was trying to always get the Grade 12's to fill out these information questionnaires. Jimmy Forrest is her favorite person (?) because he's mean, nasty, crabby, but a good English teacher. Joe is also her favorite because he's the only one that can put up with her.

Margaret Soldan, or Pooh, was Grad President in Grade 12. She worked on the yearbook as editor in Gr. 10, and was also a room rep. The best time she ever had in school was yearbook and spilling two bottles of glue on Bruce Hogle's face. English was Margaret's favorite subject as it was the only class she didn't have to work hard in. Her pet peeve is people who can't keep secrets. Brent is her most favorite person as he was originally from Derwent. On the other hand, Wayne Gretzky who is worth 80,000,000 dollars and does nothing for it is her least favorite. Her ambition is to become an R. N., marry Brent, have 12 kids, attend U. of A. (and become Catholic?)

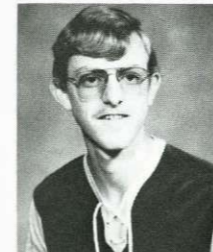

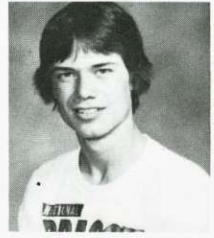

Desiree Thir had several nicknames like Desbee, Batty, BB, Amazon, and Dizzy Des. She was President of the Sports Association and will be remembered by her, well,...you know! Her favorite subject was not offered in school, while her least enjoyable time was having a week of supervised spares in M. F.'s classroom. The funniest and most embarrassing thing that happened to Des was when Allan ripped her pants (accidentally) and Angie had to staple them together. The best time she had in school lately was running down the hall, hollering, past L.M.P.'s room without the hall pass. Her ambition in life is to go to U. of A. and become the best Bio. teacher around.

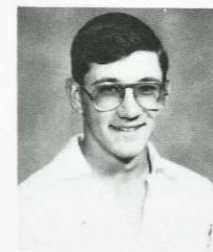

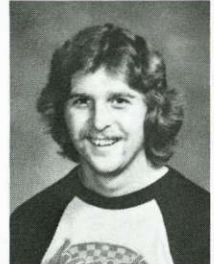

Clyde, Leonard Uchman, was President of the Students' Union in Grade 12. He found that Chem was the easiest class because of A.T.B.R. But disliked Phys. Ed. at times as it was too much like work. Leonard will always be remembered by reading letters of interest written by K. Mc. and falling off a chair once while doing so. The best time he ever had was when he realized it was his last year of school as well as the California trip. If Clyde had to do it all over again, he would take more time in doing absolutely nothing. His ambition in life is to make a million and work at it somehow.

Danny Walchuk will always be remembered by his nickname "Rooster", and by the car he owned. Danny enjoyed English because J. F. was his favorite teacher. The most embarrassing thing that happened to him was when Dan, Dan, Spaz, and he were out on a holiday for five days from school. Dan enjoyed the holiday and thought every day was a "nice day today". Dan's pet peeve is leaving a great party to go home. He'd like to see D. C. run over by a herd of wild pygmies because he's a party pooper. His most favorite person is himself because he's a swell guy, of course, we know better. If Danny had a chance to do it all over again, he'd put a little more effort into it.

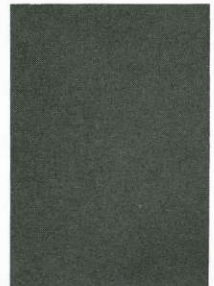

Darrell Wickham was Valedictorian of the Grad class. None of us could understand how he could always leave his homework to the last minute. He didn't mind Chem because he enjoyed the experiments, but Social was something else! Darrell's pet peeves include people with no sense of humor and those that misspell his name. The worst thing that ever happened to him was in the senior lounge when his chair went over as he was rocking in it. Darrell would like to be a millionaire, and to accomplish this, he's going to buy lottery tickets and win the lottery everyone else thinks they are going to win! Good luck!

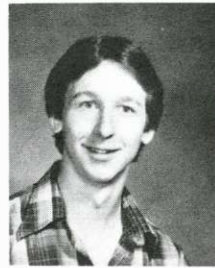

Bryan Woloshyn, or Suzie, enjoyed spares because it's the only subject he ever got an A in. He'd like to see English 33 abolished because it actually required work. Bryan will always be remembered cruising in his big Red Olds on Friday nights..He didn't enjoy the police on his tail, though. The most enjoyable time he had in school was the day of his birthday. Once he had a gas attack in English, and talk about embarrassment...His favorite person is Mary Stoneboat, and his least favorite is Troy...you'll have to ask for the details. If Bryan had a chance to do it all over again, he would because "nothing beats the feeling". Bryan's ambition is not yet known.

John Wozniak, Farmer John, will always be remembered for frequently leaving school to go seeding or harvesting. He was the Senior Boy's Sports Convenor last year. The best time he ever had was when an unsuspecting female entered the boys shower room while he was in it...He also enjoyed the Ski Trip to Cold Lake. His pet peeve was having surprise quizzes (SS 30). while his most favorite person in the world was Trish-he didn't say why.. He said he'd do it all over...in cedar..but what???? John's ambition is to be a successful businessman and work hard at his career.

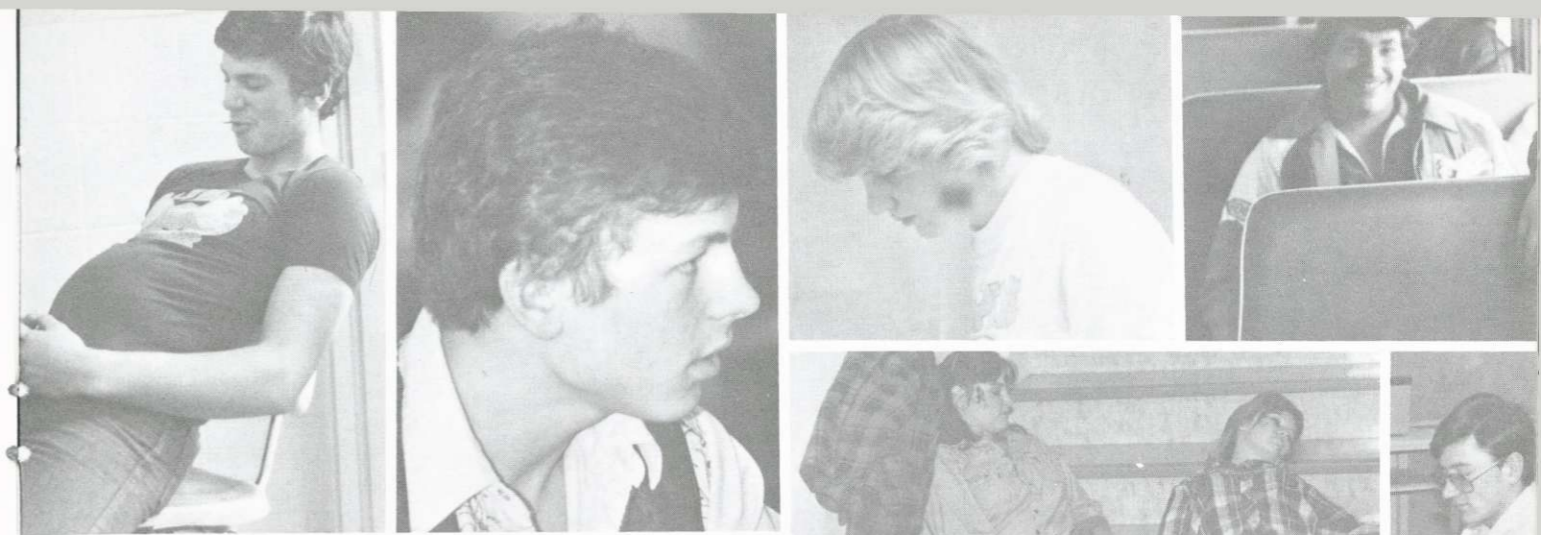

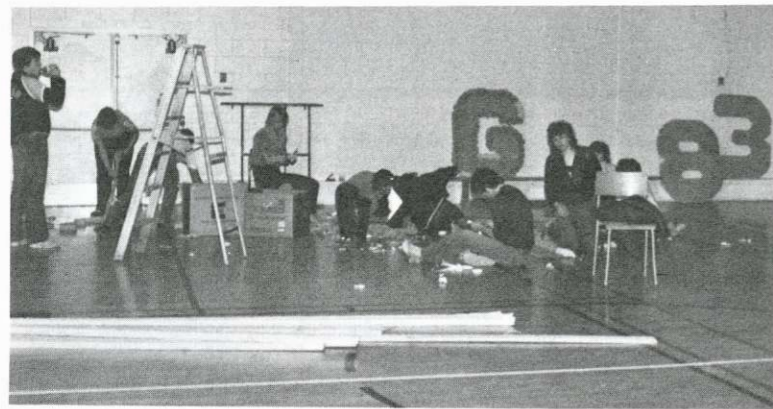

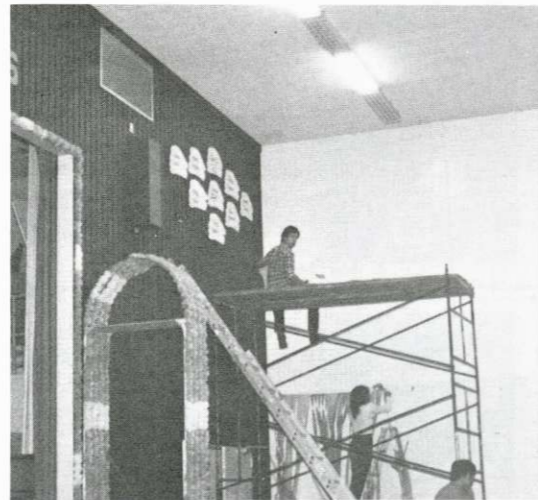

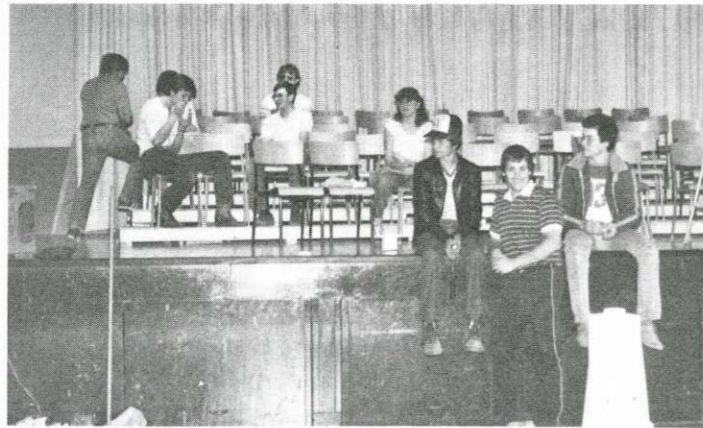

Cari Zaraska came to F. G. Miller just halfway through the year, so she didn't know too many people. She enjoyed Accounting because it didn't confuse her; she disliked Math because it did! The best thing that happened to her was moving from Merritt, B. C.; Her pet peeve-Monday mornings. Cari didn't have anyone in particular as her favorite person, but she does like her dog Butch. She would like to see Tax run over by a wild herd of pygmies because he is a jerk. She said she would do it all over again exactly the way she did it before. Her ambition in life is to get rich!

Kendall Zak Zarowny liked spares but not Math, Chem Bus. And., Eng., or Biology. He will always be remembered for being tall, 6'4", and clacking down the quiet hallway with his boots. The best time he ever had was on the ski trip with Gary, Judy, and Irene. His pet peeve is people such as J.F. who "helped" him nearly run into one of the large metal ski-lift posts. The most embarrassing thing that ever happened to Kendall was when he got suspended from school for "poking" Pokey, and making a hole in his face.. The funniest thing that ever happened was sitting on a tack in Bus. And. and getting caught stealing Mr. Wreezies from Bubbles' locker.

Getting Ready

Class of '83

This is a story about a Brown Behr who went on a Bintz. Nearby, a Buck was eating Campbell soup when out of the deep Maas, appeared a Dikeman wearing a large Fedorus. She told the Behr to be quiet or she would Smereka him in the Wickham.

"Thir, Thir," the Walchuk said, "Be careful or I will wring your Wozniak."

Frightened by such an Ockerman, the Behr privately hoped to make Currey or Nelson bars of such a person. Still feeling badly, the Behr took another Pilisko to tide her nerves, and a Scott to wipe away the tears.

"Uchman!" said the estate Lorenson, "You Behrs need a Woloshyn to straighten out your Mayner problems."

Lorenson gathered his supporters of Lagace, Lazicki, Lesyk, Kryvenchuk, Zaraska, and Cochrane in a large enclosed Ference to discuss the Behr's problem.

Soldan, said she was Friesen, but she would help solve the Dion problem, if she was in the right Mudryk. A tall handsome Marceniuk, claiming to be in a Habiak of solving problems suggested the Behr go to the mountains to try the new Kadutski powered by Gascon.

Bekker, Bretzer, Hladchuk, Anderson, Povaschuk, Jenkins, Lesyk, Moneta, Palinka, and Zarowny became real heroes. They suggested the Behr attend the big dance at the F. G. Miller High School tonight. All agreed, and the case was closed.

Valedictorian

The theme we have chosen for Graduation this year is "As We Dream, So Shall We Become" Up to this point in our lives, we have been putting our dreams together in a plan appropriate to our individual interests and abilities, separating those that are fitting from those that are improbable. Today marks the turning point. As we part from here this afternoon, our ideas will be on fulfilling these dreams, and in one short month, we will begin to transform these dreams into realities. For each of us, the future holds different challenges, struggles, and achievements, but as Nelson Rockefeller so cleverly put it.. "Wherever we look upon this earth, the opportunities take shape within the problems."

For twelve years, we have anxiously awaited this day, expecting that Graduation would affix in our hearts only feelings of happiness and pride. In all honesty, though, sadness is also a very common emotion among us today, for in the near future, many of us will be separated indefinitely. Fortunately, we have shared innumerable good times that will always be in the back of our minds to keep us together, if not physically, at least in memory.

Today we are being recognized for achieving a milestone in our lives, this being the successful completion of our secondary schooling. We sincerely appreciate this recognition and we would like to acknowledge you, the people whom we have invited here today, for your efforts in our achievement. We are pleased to have the opportunity to share this time of laughter and tears with you.

Parents-It is you who have guided us step by step through every experience pleasant or otherwise. It is your values that have laid the foundation for ours, and your encouragement that has taught us to believe in ourselves and to become independent. Our success, really, is yours, and we will be forever indebted to you.

Teachers-in your classrooms, we have learned far more than is outlined in the curriculum. Aside from teaching us basic textbook knowledge, you have taught us respect, cooperation, responsibility, and insight. You have given us the courage to accept our position in society and you have made us realize the importance of dedication. How you have tolerated our abuse is a mystery. Often, you have been the center of our jokes, but you laughed with us like true friends. Although we will be leaving soon, our time with you will be etched in history. Our names will remain on your desks, and the echo of our laughter will linger in the hallways. May we always be together in this way.

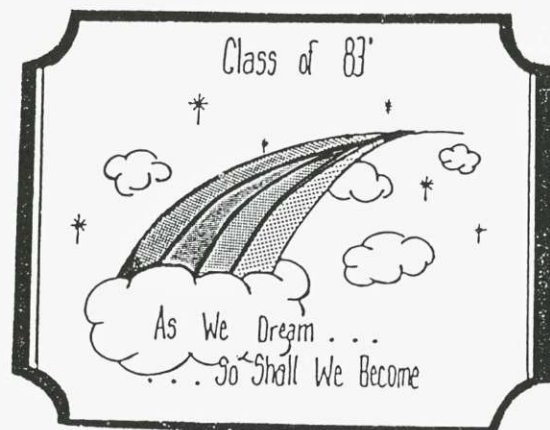

Friends, you have been behind us in everything we have ever tried, not only offering advice, or sympathy, or praise, but often sharing our troubles and partaking of various experiences with us. With your help and guidance, we have gained the capability to cope with the struggles and make the best of the achievements. To you, a much deserved Thank You.

In closing, I would like to wish the best of luck to my fellow grads. Have the openmindedness to continue to dream. It is through dreaming that we establish our goals in life. However, don't be so naive that you dwell on wishes alone. Be determined in your search for success and happiness, and have the wisdom to keep your expectations in perspective. This is how we "Dream and Become."

Thank You

Darryl Wickham
