PRINCIPAL'S MESSAGE

As you look through this book I'm sure you will find, as I have, that it portrays one year in the life of a group of people who have worked together to make F. G. Miller a school of excellence. The students and staff of 1986-87 together have been able to overcome problems which did arise, all the while maintaining a sense of humour and a sense of purpose. I consider myself fortunate to have been a part of this year as I have seen many of you take the initiative in your school lives and personal lives and work in a positive direction to make the school and community a better place for all of us to be. I am proud to be from F. G. Miller and am confident that through your continued involvement we will all be able to maintain our pride in a school that is second to none.

Nancy Adkins: Her favourite classes were English and Work Experience. She enjoyed most sports, especially volleyball and downhill skiing. She plans to go to Edmonton to the Royal Alexandria School of Nursing and become an R.N.

Zoe Bekker: Her favourite class was Spare 30, and her worst was Chem. 30 because she never knew what she was doing. Her most embarrassing moment was the time when she first met Randy. Her favourite pastime was cruising St. Paul on Friday nights with Tammy. After school she plans on going to College and become rich.

Tracy Boothman: She has always enjoyed school and has had favourite subjects; none of which included Phys. Ed. Her favourite classes were English, French and, on occasion, Social. She admits, however, that she has found Math 31 most challenging, particularly because she's awful at it. Concerning school, her most favourite experience was her trip to Europe. Someday she would like to go back for a holiday longer than eleven days. She is glad that she attended school at F.G. Miller and said she wouldn't be caught dead in any big city.

Christy Boulter: Chris or C.B. loves people, places, and parrots, not necessarily in that order. Travel is high on her priority list. Sometime in her adult life she would like to make money.

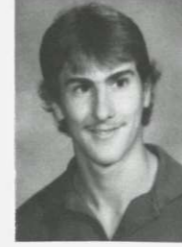

Cathy Buck: Her alias was Buckets. Her favourite class was Math 31. Chasing people of the opposite gender was her favourite pastime. Her most embarrassing moment was too embarrassing to talk about. Her future plans are to attend U. of A., taking her Bachelor of Commerce and becoming a lawyer.

Deni Cameron: Deni was a rare individual because she actually liked school, especially Social 30. In Social she was able to finish assignments from other classes, keeping her spares free for tanning. Her favourite thing besides Kelly was her car. Her most embarrassing moment would be a toss up between splitting her pants in Rob's truck and having to drink a certain something or other.

Craig Campbell: Otherwise known as "Scrambo" was known for his awesome athletic ability during his highschool years. His favourite past-time was counting how many people were sleeping during social films. So far he claims to have found 7. His most embarrassing moment was at the Myrnam Grad Party when he and Ronald kept falling on the ground for some reason. The bad part was what the cow left there! His future goals in life are to go to Camrose and learn to become a teacher. Lord help us!!

Lorne Demchuk: His alias was Dimes. His interests were Hockey, Fastball, and Track. His favourite people were Max Headroom and Ziggy. His pet peeves were surprize tests and getting up in the morning. His future plans are to travel around the world in under 80 days.

Maureen Fedorus: She was also known as Marty. Her favourite past experience would have to be hitting the elementary school fence the morning after Grad '86 because Susan didn't know how to pull up the emergency brake. Her favourite class was the fourth term of Biology 30. Her worst experiences were being grounded for most of her grade 10 year and having to walk 1/2 a mile because her car's transmission blew. In the future she hopes to go to Calgary and become a Social Worker.

Kevin L. Ference: Known as J.B., Rosey, and Doopatizer, Kevin will always be remembered for his awesome strength. Kevin enjoyed Social and English 30 because he did very little homework and always managed to pass his exams. Kevin always enjoyed Joanne bugging him about his blond, hairy legs. He could always be found showing off to girls with his javelin arm at noon hours. His future plans are to become a mechanic, take over G & N Auto 'n' Diesel Services and have lots of kids.

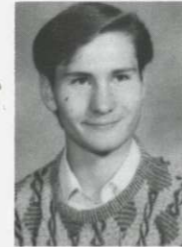

Brian Ference: He has many aliases, and all of them are not mentionable. His favourite class was Spare 30 since it was the only class he got good marks in. He disliked leaving flower-making parties at Kevin's place and having to go home and check cows. His favourite moment was the time he got his new truck. He intends to go to N.A.I.T. and train to become a Heavy Engineering Technologist. When asked if he would do it again he said as long as he didn't have to check cows.

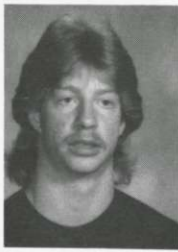

Wanda Ference: Also known as Fuzzie or Old Boot, she was known for her fear of regular attendance of all classes other than Accounting 30. She was a compulsive bettor, already having lost many bets to Brent and to others. Wanda liked to play baseball and enjoyed many social events such as dances, parties, etc., and was an all around "decent" student.

Joanne Giguere: With an alias as "Gigger" she enjoyed school, especially Work Experience and English. Her favourite people were her Mom, because she understood, and Lyle because he was the first guy her father ever approved of. Her most embarrassing moment was getting out of Rob's truck only to have her jeans split. She hopes to, sooner or later, become a secretary or hairdresser.

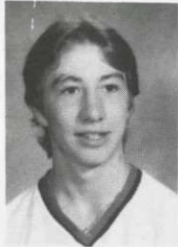

Garrett Gregoraschuk: He was also known as Porky and Greg. He was known best for arguing with Cathy Buck in Math class. His greatest experience was partying in Europe. His hobbies included expanding his mind as far as he could. His favourite people were "Me, Myself, and I." He claimed that he couldn't be embarrassed because he was born funny. He is interested in sports, mainly Football, he likes motorcycling and both Heavy Metal and Speed Rock. His future plans are to go to University or College, study Computer Science and maybe play Football, or even start up a Heavy Metal Rock band.

Lynda Thompson: She was known as either Harry or Raisin Bran. Her favourite people were her Mom, Dad, siblings and others. Her favourite experience was the last year's Grad party at her house. Tamara Young: She was also known as Tam or Tammy. She was notoriously known for cheezing people off. Her most memorable moment was with Suzanna at the Western Inn. She didn't have an embarrassing moment because she couldn't be embarrassed. Her future plans are to start a drivers-training school with Devin Gancer and Carla Vinge.

Kevin Gets Silver At Provincials!

Kevin Ference, A Graduate from F. G. Miller this year, has dominated the Javelin Event in Track and Field for the past three years. He has been a dynamic figure in Track and Field in our area, and throughout Alberta. In his three years at F. G. Miller, Kevin has won a total of 12 medals, having never been out-thrown at the County Cup, Zone, or Regional Track and Field competitions. His record at Provincial competitions speaks for itself, having placed in the top four finishes every year. His best performance came this year with a second place finish, throwing a personal best of 50.04 metres, and by doing so, achieved his goal for throwing over the 50 metre mark. Kevin would like to thank his cousin, Marvin, for the best competition he has faced in three years.

PRESIDENT'S MESSAGE

This year has been a very interesting year, to say the least. In the past years, there have been two major problems. One of these was the lack of finances, and the other being the lack of school spirit.

This year, finances for the Student's Union were no problem. Several fund-raisers, such as Fruit Sales, sock hops, and other dances kept the finances stable in the Student's Union. Even though the school teams put on dances and a few bottle drives, they still had a bit of difficulty paying for their tournament entry fees, transportation, and referees. They did however, manage to make it through the year.

Unfortunately, there still seems to be a lack of school spirit. We had several dress-up days, but would have wished to see many more participants from both the student body and the staff. I would really like to thank everyone who did participate in our fun days and also thank the persons who did make the Student's Union as successful as it was last year.

Our school has the potential to do so much, but it cannot be done with only a handful of students. The Student's Union executive needs the support of 100% of the student body. Once again, I would like to thank those who did help out with the activities, and I would also like to wish next year's executive GOOD LUCK in the up-coming year

Senior High Volleyball

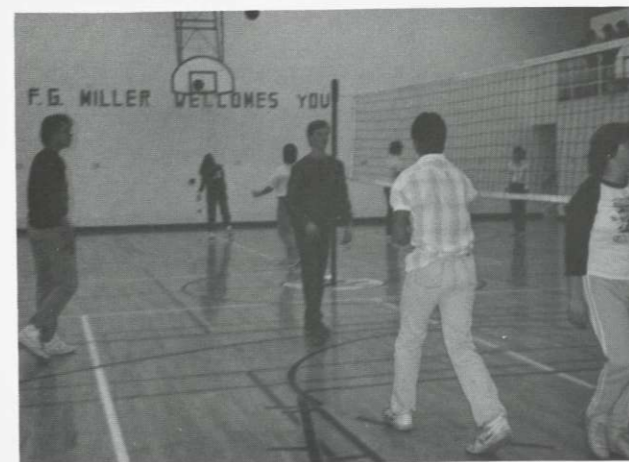

l-r Back Row: Danny Maas, Dwayne Vogel, Blaine McLaughlin, Craig Campbell, Darwin Roscoe

l-r Front Row: Garrett Gregoraschuk, Al Lim, Mr. Tim Martin (coach), David Hellquist, Ken Hansen

It was a very successful volleyball season for us. We placed first in the Union Lake tournament, and we were narrowly defeated by Heinsburg in the qualifying games for zone playoffs. County Cup saw us move from seventh place to finish fourth in our league. With all but 2 players returning for next year, we will have an even more successful year.

-Mr. Tim Martin (coach)

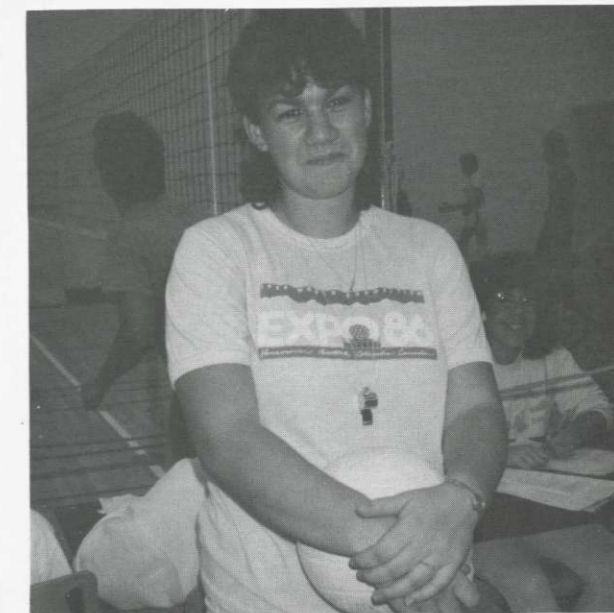

l-r Back Row: Rhonda Pacholek, Tina Stafford, Joely Jenner, Joanne Wolanuk, Karen Dion, Heather Poitras

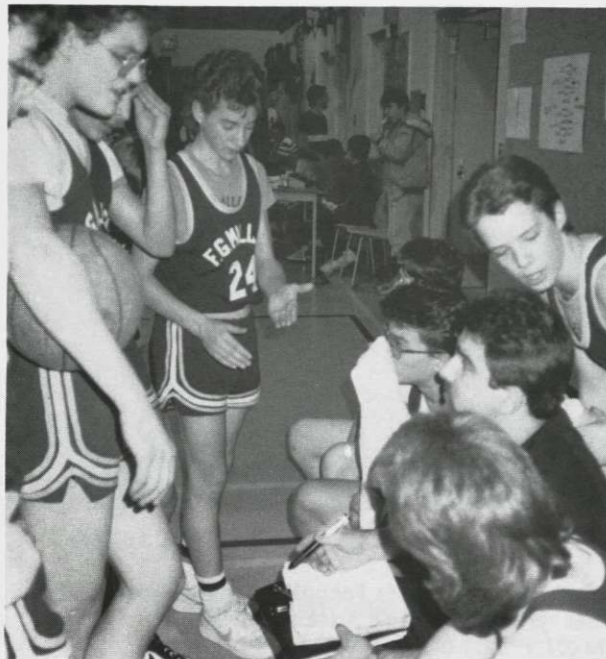

l-r Front Row: Shelley Beazley, Mrs. Deb Poulin (coach), Jackie Gulayec

The girls were very successful this year with the addition of four new players joining us from grade 10. We won the "B" event in our first tournament at St. Jeromes in Vermillion and then went on to win the Union Lake tournament. We finished first in the league and were narrowly defeated in a close matched final against the Regional High School. With five players returning next year, I expect an even better season. Thanks girls, for a great volleyball season.

The 1986-87 Basketball season saw competition against Racette, Glen Avon, Ashmont, and Frog Lake. We emerged with a two-win and six-loss record. As well, we travelled to Bonnyville to participate in a tournament there. Though we did not bring home the trophy, we gained in experience and skill. The Junior High girls must be complimented on the progress and improvement they achieved during the season.

The Senior Boys Fastball Team competed in the County Cup on Tues. May 26, 1987 at Whitney Lake. Being the 1986 County Cup winners, the team had added incentive to repeat their previous year's success. The first game was against Mallaig. The score ending 24-8 in Elk Point's favour. This put Elk Point into the final against Heinsburg (a repeat of 1986.) who had beaten Onion Lake and St. Paul to advance to the final.

The final proved to be a close match, with Heinsburg leading most of the way and Elk Point tying the game at 11 all at the end of seven innings. Elk Point eventually won 15-14 in extra innings.

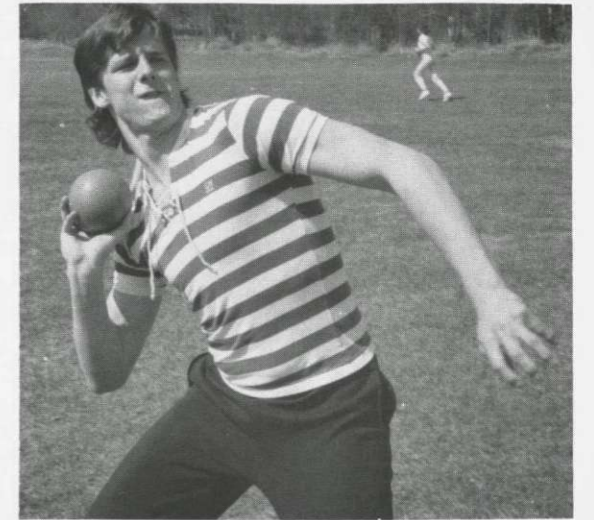

The team members showed very good sportsmanship and excellent hitting, notably a grand slam home run by Craig Campbell and two home runs by David Hellquist. The team is already looking forward to the 1988 season.

This year the yearbook staff and I, tried to break away from the traditional yearbook format. We added colour photos and arranged the signatures differently. I hope as you turn the pages of this yearbook many fond memories will come to you and that you appreciate the dedication and hard work gone into the production of a yearbook. We broke alot of rules, but we had fun.

I personally would like to take this opportunity to express my gratitude to each and everyone who contributed to the making of this book. Many long hard hours have been put in and I thank you.

Congratulations
to the
1987 Graduating Class

You're learning to make the most of you.

As the school year ends and you reflect upon the past year, you realize that some of the most valuable lessons don't come from textbooks. They come from life. From the good times and not-so-good times. When you learn about people. About yourself. Or just about handling things.

And that's important. Because you never stop solving problems. You just get better at it.

Congratulations on your graduation and your success so far.
